World Cup Wishes:

World Cup Wishes Eshkol Nevo, 2010 Four friends get together to watch the 1998 World Cup final One of them has an idea let's write down our wishes for the next few years put them away and during the next final four years from now we'll get them out and see how many we've achieved This is how World Cup Wishes opens and from here we watch what happens to their wishes and their friendships as life marches on The four men's bond is deep and solid but tested by betrayal death and distance their alliance comes under pressure Each friend offers a different perspective though not necessarily a reliable one and as they and the world around them change so do their ideas of friendship and happiness By the end they are forced to ask whether wishes can really be fulfilled Or will their story turn out to be a requiem for a generation for friendship or even for one of the four young men Once again Eshkol Nevo has produced a novel suffused with charm warmth and an astonishing wisdom

The Israeli Defence Forces' Representation in Israeli Cinema Fiammetta Martegani, 2017-06-23 Of all the Biblical heroes the character of King David is perhaps the most paradoxical and also the most difficult to grasp He is the Biblical Man for all seasons a warrior a lover a poet a killer and a restorer This elaborate and fascinating archetypal hero influenced and inspired the representation of the Israeli soldier in Israeli media art and cinema from the establishment of the State of Israel until the present day This book investigates whether Israeli art and film now place a focus on soldiers not as fighters but as victims and the relationship between David as an adult and the State of Israel half a century after its establishment As in gender studies it is only in the last twenty years that research on masculinities has become a prominent part of film studies Although studies of men and masculinity have gained momentum little has been published that focuses on the media and their relationship to men as men In carrying out a study on the representation of the Israeli Defense Force in Israeli cinema the matter of gender becomes fundamental especially in relation to the Motherland of Israel Eretz Israel which is feminine by definition Israeli films are also deeply concerned with territory and territoriality As such the book also carries out an ethnography of Israeli cinema with a focus on the significant relationship between gender and nation and body and space

Ethical Concerns in Sport Governance Souvik Naha, David Hassan, 2020-04-02 Sport governance no longer stirs public opinion only when scandals surface it has become a persistent concern for a number of stakeholders such as the media sport followers and corporates that produce and sponsor sport Contemporary sport governance is characterised by tension between sport's potential for commercial benefit on the one hand and moral education and social development on the other The perceived incompatibility of these two aspects has led to intense conversations in the media administrative circles and the public sphere about the need for ethics to be the key element of governance The chapters in this volume explore the contemporary forms of governance that is structured by sport's extensive transnational networks shifts in what the stakeholders mentioned above understand by ethics and the emergence of new stakeholders They identify as the two major directions of contemporary sport governance the growing significance of the non West especially in relation to event hosting

and the need for controlling the behaviour of emergent interest groups The latter is a complex constellation of athletes officials supporters lawyers and politicians who share power and collectively determine corporate and non profit governance legal aspects and regulatory mechanisms from within their subjective locations The chapters in this book were originally published in a special issue in *Sport in Society* **Inside Information** Eshkol Nevo, 2023-06-27 From the internationally bestselling author of *Three Floors Up* a novel of psychological suspense exploring the vagaries of love and relationships through three interlocking stories A honeymoon in South America that should have been romantic becomes more nightmarish by the minute A senior doctor at a Tel Aviv hospital feels a powerful inexplicable urge to protect a young female resident who has recently joined the internal medicine department A married couple goes out for their regular Saturday morning walk in the orchards on the outskirts of town The man walks back into the orchard for a moment and disappears without a trace Eshkol Nevo's darkest most thrilling novel to date *Inside Information* weaves together three turbulent and unconventional love stories diving deep into the enigma that lies at the heart of all intimacy whether between a man and a woman a parent and a child or a person and what they've lost **Borders, Territories, and Ethics** Adia Mendelson-Maoz, 2018-08-15

Borders Territories and Ethics Hebrew Literature in the Shadow of the Intifada by Adia Mendelson Maoz presents a new perspective on the multifaceted relations between ideologies space and ethics manifested in contemporary Hebrew literature dealing with the Israeli Palestinian conflict and the occupation In this volume Mendelson Maoz analyzes Israeli prose written between 1987 and 2007 relating mainly to the first and second intifadas written by well known authors such as Yehoshua Grossman Matalon Castel Bloom Govrin Kravitz and Levy Mendelson Maoz raises critical questions regarding militarism humanism the nature of the State of Israel as a democracy national identity and its borders soldiers as moral individuals the nature of Zionist education the acknowledgment of the Other and the sovereignty of the subject She discusses these issues within two frameworks The first draws on theories of ethics in the humanist tradition and its critical extensions especially by Levinas The second applies theories of space and in particular deterritorialization as put forward by Deleuze and Guattari and their successors Overall this volume provides an innovative theoretical analysis of the collage of voices and artistic directions in contemporary Israeli prose written in times of political and cultural debate on the occupation and its intifadas

Borderlands and Liminal Subjects Jessica Elbert Decker, Dylan Winchok, 2017-11-15 Borders are essentially imaginary structures but their effects are very real. This volume explores both geopolitical and conceptual borders through an interdisciplinary lens bridging the disciplines of philosophy and literature. With contributions from scholars around the world, this collection closely examines the concepts of race, nationality, gender and sexuality in order to reveal the paradoxical ambiguities inherent in these seemingly solid binary oppositions while critiquing structures of power that produce and police these borders. As a political paradigm, liminality may be embraced by marginal subjects and communities further blurring the boundaries between oppressive distinctions and categories. *My Journey from a Dependent Mommy to an Independent Lady: Get the right mindset to make money, create wealth & set free* Diary - Part 1 Ilanit Freeman, 2016-07-27 Ilanit was born to be rich yet she always struggled financially. Three Floors Up a literary page turner that delves into the deepening cracks in a carefully constructed public persona A writer tries to answer a set of interview questions sent to him by a website editor At first they stick to the standard fare Did you always know you would be a writer How autobiographical are your books Have you written any stories you would never publish Usually his answers in these situations are measured calculated cautious But this time when his heart is about to break and his life is about to crumble he finds he cannot tell anything but the truth The naked funny sad scandalous politically incorrect truth Every question the writer tackles opens a door to a hidden room of his life And each of his answers reveals that at the heart of every truth there is a lie and vice versa Surprising bold intimate and utterly engrossing The Last Interview shows just how tenuous the lines are between work and life love and hate fact and fiction And in exploring the many often contradictory facets of an Israeli author s identity Eshkol Nevo also gives us a nuanced thought provoking portrait of a country at odds with itself

Readings in English Phonetics and Phonology María Inmaculada Arboleda-Guirao, Inmaculada Arboleda-Guirao, 2014-06-11 The teaching of the phonetics and the phonology of British English to undergraduate students is often based on a bare uncritical presentation of facts as they are usually portrayed in classic publications such as Gimson Cruttenden Collins Mees Roach Car etc While they present a welcome canonical view of language there is a danger that students will end up holding a quasi dogmatic opinion of the phonology of English with little awareness of other views and approaches In an attempt to overcome this limitation the contributors to this volume have tried to combine theory and praxis in tackling different aspects of the phonology of English The result is this book of readings which will hopefully provide students with reliable and up to date information on key issues both at segmental and supra segmental level
