mogul Daniel Thorne's official biography is no small task. His wife Maddy isn't quite sure how it fell on her shoulders but she's not exactly complaining. It's given her a rare opportunity to learn about the details of Daniel's life that he's never shared with her before. After a rocky beginning, their relationship has finally settled into something comforting and secure. After a while, Maddy begins to reconsider her once staunch decision not to have children. Then one night, a ghost from Daniel's past appears. His father, believed to be dead, has come back in hopes of repairing their relationship. Daniel is devastated by the years-long deception and suspicious of his father's motives in reappearing after so much time. Old Mr. Thorne has his reasons for disappearing, but how can he possibly repair a relationship that's been so badly fractured by distance and lies? Meanwhile, Maddy gets some unexpected news of her own, and she realizes she must find a way to reach her husband and his father to knit them all together into a family again.

Black;Hattie Black,2017-04-12 *The Trilogy of Leadership* Jameel Ahmed PhD,2023-02-18 Leadership is an elaborative term encompassing the ability of an individual to lead, influence, or guide other individuals at large. Inspired by the idea of writing a book, I occurred after tracing the remarkable journey of fifteen prolific leaders and their path-breaking contributions to the world of business. These remarkable leaders discussed in this book are those who influenced me in my career. Thanks to them, I stand where I am now. The power of their legacy has helped change the world to rethink and rediscover the way conventional business was done. Although this book focuses on famous entrepreneurs, philanthropists, and tech-savvy personalities, but the main purpose for which I have written this book is to let you know that no matter what you can grab your dream at any stage of your life. You can become the emperor of your own empire. Leaders will continue to leverage the power of their wisdom. This book is solely meant to motivate people to never give up. Know that you yourself are the one who picks yourself from the grounds. Unlock your potential to be a great leader by reading this book. Grab your copy now. **The**

The Lost Expedition put me in mind of A Wrinkle in Time with the same sweeping scope that engages one's sense of wonder but far more inclusive and far less elitist than L. Engle's. Smith's characters represent different social classes, ethnicities, abilities, and weaknesses. Whoever reads this book will find at least one POV character with whom they can identify. The Lost Expedition is a solid ending to a great series. There is a sweeping majesty to the world building we have not seen since well since A Wrinkle in Time. You should package up all three volumes to gift to any young adults in your life or any adult in your circle nostalgic for the Golden Age of science fiction fantasy.
