Welfare And Party Politics In Latin America:

Welfare and Party Politics in Latin America Jennifer Pribble, 2013-04-22 Explores the variation in welfare and other social assistance policies in Latin America

Welfare and Party Politics in Latin America Professor Jennifer Pribble, 2014-05-14 Explores the variation in welfare and other social assistance policies in Latin America

Politics Latin America Gavin O'Toole, 2017-08-23 Politics Latin America examines the role of Latin America in the world and its importance to the study of politics with particular emphasis on the institutions and processes that exist to guarantee democracy and the forces that threaten to compromise it Now in its third edition and fully revised to reflect recent developments in the region Politics Latin America provides students and teachers with an accessible overview of the region's unique political and economic landscape covering every aspect of governance in its 21 countries The book examines the international relations of Latin American states as they seek to carve out a role in an increasingly globalised world and will be an ideal introduction for undergraduate courses in Latin American politics comparative politics and other disciplines This new edition will include updated references to scholarship and debates new themes such as environmental rights women presidents the Latin American Pope Afro Latinos and the politics of sexual diversity examination of demographic change and social movements a new chapter on environmental economics and sustainable development This book is essential reading for undergraduates taking courses in Latin American Politics

The Political Economy of Taxation in Latin America Gustavo Flores-Macias, 2019-06-27 Offers a comprehensive region wide analysis of the politics of taxation in Latin America to make reforms politically palatable and sustainable

Private Wealth and Public Revenue in Latin America Tasha Fairfield, 2015-03-05 Inequality and taxation are fundamental problems of modern times How and when can democracies tax economic elites This book develops a theoretical framework that refines and integrates the classic concepts of business's instrumental political power and structural investment power to explain the scope and fate of tax initiatives targeting economic elites in Latin America after economic liberalization In Chile business's multiple sources of instrumental power including cohesion and ties to right parties kept substantial tax increases off the agenda In Argentina weaker business power facilitated significant reform although specific sectors including finance and agriculture occasionally had instrumental and or structural power to defend their interests In Bolivia popular mobilization counterbalanced the power of economic elites who were much stronger than in Argentina but weaker than in Chile The book's in depth medium N case analysis and close attention to policymaking processes contribute insights on business power and prospects for redistribution in unequal democracies

Latin American Social Policy Developments in the Twenty-First Century Natália Sátyro, Eloísa del Pino, Carmen Midaglia, 2021-02-12 This book explores the scope of reforms and changes in the social protection systems in Latin America that have started at the beginning of the 21st century It describes how and to what extent changes in social protection systems and social policies have occurred in the region in recent decades Taking a comparative approach the volume identifies the triggers for the transformations and how

such pressures are received by the welfare regime or a specific policy sector to finally yield a given type of reform The analysis is characterized by the presence of certain factors that explain the development of social protection systems in Latin America such as economic growth the consolidation of democratic political regimes and the region's Left Turns The book also examines to what extent common challenges and processes induced by international institutions have led to convergence among countries or welfare regimes or whether each maintains its own identity Party Politics And Elections In Latin America J Mark Ruhl, Ronald H McDonald, 2019-08-30 This book is an introduction to party politics elections and electoral behavior in Latin America The subject is vast and the available research on it extensive The principal purpose is to summarize and conceptualize the subject making comparisons where appropriate among nations The authors try to point out both the specific parochial experiences of individual Latin American nations as well as the more universal experiences

Handbook on the Political Economy of Social Policy Bent Greve, Amílcar Moreira, Minna van Gerven, 2024-05-02 Research in social policy has been greatly influenced by the emergence of modern political economy in the late 1970s The Handbook on the Political Economy of Social Policy offers a systematic yet comprehensive framework for understanding how concepts theoretical standpoints and methodological approaches stemming from political economy have been applied to the study of social policies and models of welfare provision The authors also signpost current developments and discuss their likely impact on future research

Family Policies in Latin America Natália G.D. Sátyro, Analía Minteguiga, 2025-07-31 This book examines family policies in Latin America The first half of the book adopts a thematic approach to assess how the concept of family has changed over the last few decades and how family policies are intrinsically linked to demographic changes social class family arrangements and the labour market The second half of the book provides detailed country case studies in order to analyse family policies in action Drawing on evidence from Argentina Bolivia Brazil Chile Costa Rica Ecuador El Salvador Guatemala Honduras Mexico Nicaragua Panama Paraguay and Uruguay it offers a comprehensive and comparative overview of family policies across the continent demonstrating the various ways in which they have been impacted by political regimes and governance The book also compares family policies in Latin America to those in Europe and North America It will appeal to all those interested in family policy public policy development studies and sociology as well as Latin America more generally

Legacies of the Left Turn in Latin America Manuel Balán, Françoise Montambeault, 2020-01-31 Legacies of the Left Turn in Latin America The Promise of Inclusive Citizenship contains original essays by a diverse group of leading and emerging scholars from North America Europe and Latin America The book speaks to wide ranging debates on democracy the left and citizenship in Latin America What were the effects of a decade and a half of left and center left governments The central purpose of this book is to evaluate both the positive and negative effects of the Left turn on state society relations and inclusion Promises of social inclusion and the expansion of citizenship rights were paramount to the center left discourses upon the factions arrival to power in the late 1990s and early 2000s This book is a

first step in understanding to what extent these initial promises were or were not fulfilled and why In analyzing these issues the authors demonstrate that these years yield both signs of progress in some areas and the deepening of historical problems in others The contributors to this book reveal variation among and within countries and across policy and issue areas such as democratic institution reforms human rights minorities rights environmental questions and violence This focus on issues rather than countries distinguishes the book from other recent volumes on the left in Latin America and the book will speak to a broad and multi dimensional audience both inside and outside the academic world Contributors Manuel Bal n Fran oise Montambeault Philip Oxhorn Maxwell A Cameron Kenneth M Roberts Nathalia Sandoval Rojas Daniel M Brinks Benjamin Goldfrank Roberta Rice Elizabeth Jelin Celina Van Dembroucke Nora Nagels Merike Blofield Jordi D ez Eve Bratman Gabriel Kessler Olivier Dab ne Jared Abbott Steve Levitsky

Political Economy Of The Brics Countries, The (In 3 Volumes)

,2020-03-03 Over the past 20 years social scientists government officials and investors have expressed mounting interest in the BRICS countries which include Brazil Russia India China and South Africa These countries are widely viewed as both key actors in the global economy and important regional powers The Political Economy of the BRICS Countries is a three volume set that aims to address various crucial issues regarding these countries Volume 1 analyzes whether economic growth in the BRICS countries has been broad based and promoted equitable economic and social outcomes The authors examine specific dimensions of growth in these five economies that constrain their ability to act effectively and cohesively in international affairs Volume 2 considers how the BRICS have affected global economic governance and the international political economy Volume 3 provides various approaches to economic informality in the BRICS Moreover the chapters deal with several connections between informality and important political economic and institutional phenomena such as economic globalization and international aid economic development political regimes social capital political networks and political participation labor market rules and social policy preferences The BRICS countries have attracted rising attention over the past two decades The volumes provide an in depth analysis of various key issues regarding these countries and chart a course for future research

Latin American Politics and Society Gerardo L. Munck, Juan Pablo Luna, 2022-06-09 An

engaging introduction to Latin America with a fresh thematic approach to key political and social issues This accessible undergraduate textbook examines the entirety of the region addressing complex issues in a clear and direct manner

Grounded in cutting edge research and data concepts are illustrated through tables maps and timelines

The ^AWorld Politics of Social Investment: Volume II Julian L. Garritzmann, Silja Häusermann, Bruno Palier, 2022-05-18 The World Politics of Social Investment Political Dynamics of Reform traces the development of social investment reforms across the regions of Nordic Continental and Southern Europe as well as Central and Eastern Europe North and Latin America and North East Asia The chapters in this volume study the impact of different structural drivers for social investment e g demographic poverty demand for skill or lack of an available workforce the salience of social investment in the public

debates and the different political coalitions that led to or prevented the adoption of social investment strategies The Oxford Handbook of Transformations of the State Stephan Leibfried, Evelyne Huber, Matthew Lange, Jonah D. Levy, Frank Nullmeier, John D. Stephens, 2015 This Handbook offers a comprehensive treatment of transformations of the state from its origins in different parts of the world and different time periods to its transformations since World War II in the advanced industrial countries the post Communist world and the Global South Leading experts in their fields from Europe and North America discuss conceptualizations and theories of the state and the transformations of the state in its engagement with a changing international environment as well as with changing domestic economic social and political challenges The Handbook covers different types of states in the Global South from failed to predatory rentier and developmental in different kinds of advanced industrial political economies corporatist statist liberal import substitution industrialization and in various post Communist countries Russia China successor states to the USSR and Eastern Europe It also addresses crucial challenges in different areas of state intervention from security to financial regulation migration welfare states democratization and quality of democracy ethno nationalism and human development The volume makes a compelling case that far from losing its relevance in the face of globalization the state remains a key actor in all areas of social and economic life changing its areas of intervention its modes of operation and its structures in adaption to new international and domestic challenges

Handbook of Party Politics Richard S Katz, William J Crotty, 2006-01-05 This thoughtful and wide ranging review of parties and party research contains contributions from many of the foremost party scholars and is a must for all library shelves Richard Luther Keele University The study of political parties has never been livelier and this genuinely international Handbook theoretically rich comparatively informed and focused on important questions defines the field This volume is both an indispensable summary of what we know and the starting point for future research R K Carty University of British Columbia Political parties are ubiquitous but their forms and functions vary greatly from regime to regime from continent to continent and from era to era The Handbook of Party Politics captures this variation and richness in impressive ways The editors have assembled an excellent team and the scope of the volume is vast and intriguing Kaare Strom University of California San Diego Political parties are indispensable to democracy and a central subject of research and study in political science around the world This major new handbook is the first to comprehensively map the state of the art in contemporary party politics scholarship The Handbook is designed to provide an invaluable survey of the major theories and approaches in this dynamic area of study and research give students and researchers a concise road map to the core literatures in all the sub fields of party related theorizing and research identify the theories approaches and topics that define the current cutting edge of the field The Handbook is comparative in overall approach but also addresses some topics to be addressed in nationally or regionally specific ways The resulting collaboration has brought together the world's leading party theorists to provide an unrivalled resource on the role of parties in the pressing contemporary problems of institutional

design and democratic governance today When Movements Become Parties Santiago Anria,2018-11-15 Why do some parties formed by social movements develop top down structures while others stay more open and responsive to their social bases The first rigorous comparative study of movement based parties this book shows not only how movements can form parties but also how movements contribute to parties internal politics and shape organizational party models over the long term Although the existing literature argues that movement based parties will succumb to professionalization and specialization Anria shows that this is not inevitable or preordained through an in depth examination of the unusual and counterintuitive development of Bolivia s MAS Anria then compares the evolution of the MAS with that of other parties formed by social movements including Brazil s PT and Uruguay s FA In a region where successful new parties of any type have been rare these three parties are remarkable for their success Yet despite their similar origins they differ sharply in their organizational models *Advanced introduction to Social Policy* Daniel Béland,Rianne Mahon,2016-11-25 Elgar Advanced Introductions are stimulating and thoughtful introductions to major fields in the social sciences and law expertly written by the world s leading scholars Designed to be accessible yet rigorous they offer concise and lucid surveys of the substantive and policy issues associated with discrete subject areas Advanced Introduction to Social Policy offers a concise overview of the field that takes newer realities into account without rejecting the insights found in the traditional social policy canon Daniel B land and Rianne Mahon draw on both classic and contemporary theories to illuminate the broad processes that are putting pressure on existing social policy arrangements and raising new research questions These processes provide the canvass against which the authors assess the social policy implications of changing gender relations the increasing salience of ethnic diversity and the growing importance of the Global South as a site of social policy innovation

Handbook of Family Policy Guðný Björk Eydal,Tine Rostgaard,2018-11-30 The Handbook of Family Policy examines how state and workplace policies support parents and their children in developing earning and caring With original contributions from 44 leading scholars this Handbook provides readers with up to date knowledge on family policies and family policy research taking stock of current literature as well as providing analyses of present day policies and where they should head in the future **Inequality After the Transition** Ekrem Karakoç,2018-09-26 After the Transition is an all encompassing examination of the origins increase and persistence of inequality in new democracies It challenges the conventional thinking found in much of the democratization inequality literature and offers a new theory It speaks simultaneously to literature of democratization party systems social policy and inequality to explain why democracies are not able to fulfill their promise to the disadvantaged and why they cannot achieve income equality It investigates social policy programs such as pensions unemployment benefits and other social transfers in Poland and the Czech Republic in Post Communist Europe and Turkey and Spain in Southern Europe The volume traces the origins and development of social policy from the formation of nation states to the present and considers how different political regimes whether totalitarian post

totalitarian or authoritarian designed welfare policies to prioritize civil servants and the working classes in formal sectors at the expense of the majority poor. It then demonstrates how these legacies perpetuate and widen disparities in access to welfare policies and thus income inequality in countries where low mobilization by the poor and unstable party systems prevail. This study employs interviews with Polish, Czech, Turkish and Spanish union leaders, bureaucrats and business people while also conducting an original survey in Turkey to dissect the linkage between organized groups and parties. Employing a multi-method approach, two paired case studies on these countries also demystify why and how new populist parties have successfully appealed to voters and affected the trajectory of social policy, party systems and inequality. *Comparative Politics* is a series for researchers, teachers and students of political science that deals with contemporary government and politics. Global in scope, books in the series are characterised by a stress on comparative analysis and strong methodological rigour. The series is published in association with the European Consortium for Political Research. For more information, visit www.ecpr.net/eu. The series is edited by Emilie van Haute, Professor of Political Science, Université libre de Bruxelles; Ferdinand Müller-Rommel, Director of the Center for the Study of Democracy, Leuphana University; and Susan Scarrow John and Rebecca Moores, Professor of Political Science, University of Houston.

Handbook on Social Protection and Social Development in the Global South Leila Patel, Sophie Plagerson, Isaac Chinyoka, 2023-09-06. This cutting-edge Handbook argues for social protection to be situated in a wider system of social welfare and development programmes for low and middle-income countries. Focusing on the role of citizens and communities in enhancing human development, it explores how welfare systems are unfolding in diverse contexts across the global South.
