1. Read the following passage and answer the questions A and B :

The success of Kalsindur girls reads like an epic. They started their journey with practically nothing. They didn't have any boots or jerseys to wear. Initially, they played wearing salwar and kamij. They also suffered from malnutrition. What made them win against all adversities then? What was the magic behind? Mohammad Mafiz Uddin was an assistant teacher at Kalsindur Government Free Primary School where Minati Rani Sheel was the head teacher. They observed the girls interests in football and decided to help. It was however not that easy. Girls playing football is still not a common picture in Bangladesh. Guardians were not convinced as they were used to seeing girls helping mothers with household chores. A farmer, an auto-rickshaw driver, a tea-shop owner or a housemaid mother couldn't be that ambitious either. But Minati Rani Sheel and Mohammad Mafiz Uddin persuaded them to allow their daughters to play. Being great motivators, the two teachers supported the girls in their effort to overcome the odds. They inspired them, created opportunities for them and took personal care of them. Soon the girls could prove themselves, shaking off their inhibition. Their success has also persuaded the villagers to come to their support.

When the girls moved to the nearby secondary school and college, they did not have their Minati Maam and Mafiz Uddin Sir with them, but soon another motherly person offered her helping hand—Mala Rani Sarkar, an Assistant Professor of History—who was joined by one of her colleagues, Jual Mia. They agreed to coach the girls. Mr. Jalaluddin, who was then the head teacher of the school, also supported them. Gradually the local community, public representatives and the local administration came forward. Bangladesh Football Federation also gave special attention to them and finally another football magician, Golam Robbani Choton, the coach of the Bangladesh Woman's National Football Team, mentored these girls and helped them become complete professional footballers.

Engaging Curriculum Bill Green,2017-09-18 Explicitly linking curriculum inquiry to English education via recurring themes of representation democracy and knowledge this book is a call for both researchers and practitioners to engage with curriculum explicitly and deliberatively as both a concept and a question The approach is broadly conceptual and constitutes an exercise in theoretical and philosophical inquiry While deeply informed by North American debates and developments this book offers a distinctive counterpoint and a strategically ex centric perspective being equally informed by the curriculum scene in Australia as well as the UK and elsewhere Divided into two sections this book first addresses matters of general curriculum inquiry while the second turns more specifically to English teaching and to associated questions of language literacy and literature in L1 education Green brings the two together through a critical examination of the Australian national curriculum especially in its implications and challenges for English teaching and with due regard for the project of transnational curriculum inquiry
