

## FADER CLEANING

The RM THREE faders may need lubrication from time to time. This will extend the fader life and eliminate any potential damage due to extended heavy usage.

### Cleaning Instructions

1. Remove the fader to be cleaned by unscrewing the outer screws (removing the 2 inner screws will detach the fader from the fader plate) and disconnecting the cable coming from the mixer.
2. Spray a small amount of cleaner or lubricant into both ends of the fader and slide the fader back and forth a few times to spread the fluid evenly throughout the fader.
3. Shake and wipe off excess fluid before re-assembling the fader.

## FADER REPLACEMENT

To replace the cross or channel faders, follow step 1 of the cleaning instructions. Replacement parts are available from Stanton or your local Stanton dealer.
