Starbucks. brands the opportunity to maximize profitability establish a global presence in a myriad of foreign markets and conduct business operations at low operating costs Brands that efficaciously embrace globalization will be able to generate more revenue streams attain more competitive advantages and substantially reduce labor costs and the costs of goods sold far more so than brands that neglect to capitalize on globalization opportunities Through globalization Starbucks has expanded beyond just being a coffee house in Seattle Washington Starbucks has evolved into a world renowned brand that is known for their unique brewed coffee product offerings modern day relaxing ambiance replete with comfortable furniture and top notch customer service delivered by their baristas Starbucks lofty brand recognition has played a salient role towards helping the company transition into becoming a highly profit global brand through replicating and refining their successful business model when expanding into emerging foreign markets Positive word of mouth from loyal Starbucks patrons through social media platforms has also attributed to Starbucks becoming a highly profitable brand in foreign countries Starbucks has revolutionized the coffee industry Direct competitors of Starbucks cannot compete with the convenience factor that Starbucks offers their consumers by having their coffee cafe placed in over 30 000 locations worldwide cannot come close to matching the level of positive brand recognition Starbucks has established on a global scale and cannot win over loyal Starbucks customers in the coffee market Moreover Starbucks offers their products in the grocery stores which further helps their brand gain more recognition build more traction and secure the lifetime values of more coffee drinkers Ultimately Starbucks efficaciously leveraged the power of globalization to become a behemoth of a global brand and could not be as profitable nor have grown as rapidly as a multibillion dollar leading international coffee chain if they did not expand beyond the United States Ultimately embracing the globalization has not only allowed Starbucks to dominate a preponderance of foreign coffee markets but has also allowed Starbucks to attain an unprecedented level of profitability brand growth brand recognition brand equity and brand loyalty by capitalizing on lucrative global expansion opportunities **The Idea Behind**
