**Stark Raving Rulers** Sean Moncrieff, 2016-06-30 Stark Raving Rulers is a series of profiles of twenty of the world's most ruthless dictators. In many forgotten or ignored parts of the world, there are still men who have inherited entire countries from their families or blatantly rigged elections to stay in power. Like latter-day Roman Emperors, they rule according to their whim. Uzbekistan where political opponents are boiled to death. Cameroon where the President intervenes in the national football team selection. Belarus where rather than divorce his wife, the President had her arrested. North Korea where Kim Il-sung is still President despite the fact that he's been dead for ten years. Mauritania where slavery is still widely practised. Equatorial Guinea where the President claims to be in permanent contact with God. Turkmenistan where the President renamed Tuesday after his mother. Libya where Colonel al Qadhafi threw five million dollars out the window of his car. All of them are fascinating characters. While they all share a ruthlessness, their personalities differ wildly from the coldly messianic to the downright bizarre.

**Stark Raving Obedience** Ted Kallman, Isaiah Kallman, 2013-02-22 Stark Raving Obedience will change the way you listen for God's voice. It is a down-to-earth practical treatment of how to develop a listening ear to discern the voice of the God who speaks. It teaches simple scriptural principles on developing a two-way communicating relationship with God, discerning God's will for everyday decisions, praying in faith in the situations you face, developing a lifestyle of obedience to God's voice. Above all, Stark Raving Obedience encourages and challenges the reader to pursue a passionate prayer relationship with Jesus Christ. If you follow its principles, this book will radically change your life as you learn to communicate and follow a speaking God.

**Game of Privilege** Lane Demas, 2017-08-09 This groundbreaking history of African Americans and golf explores the role of race, class, and public space in golf course development, the stories of individual black golfers during the age of segregation, the legal battle to integrate public golf courses, and the little-known history of the United Golfers Association (UGA), a black golf tour that operated from 1925 to 1975. Lane Demas charts how African Americans nationwide organized social campaigns, filed lawsuits, and went to jail in order to desegregate courses; he also provides dramatic stories of golfers who boldly confronted wider segregation more broadly in their local communities. As national civil rights organizations debated golf's symbolism and whether or not to pursue the game's integration, black players and caddies took matters into their own hands and helped shape its subculture, while UGA participants forged one of the most durable black sporting organizations in American history as they fought to join the white Professional Golfers Association (PGA). From George F. Grant's invention of the golf tee in 1899 to the dominance of superstar Tiger Woods in the 1990s, this revelatory and comprehensive work challenges stereotypes and indeed the fundamental story of race and golf in American culture.
