Starr Destined Starr Series English Edition:

Starr Series: Starr Fated & Starr Destined G E Griffin, 2015 *And In the End* Ken McNab, 2020-08-18 Ken McNab's in depth look at The Beatles acrimonious final year is a detailed account of the breakup featuring the perspectives of all four band members and their roles. A must to add to the collection of Beatles fans. *And In the End* is full of fascinating information available for the first time. McNab reconstructs for the first time the seismic events of 1969 when The Beatles reached new highs of creativity and new lows of the internal strife that would destroy them. Between the pressure of being filmed during rehearsals and writing sessions for the documentary *Get Back*, their company Apple Corps facing bankruptcy, Lennon's heroin use and musical disagreements, the group was arguing more than ever before and their formerly close friendship began to disintegrate. In the midst of this rancor, however, emerged the disharmony of *Let It Be* and the ragged genius of *Abbey Road*, their incredible farewell love letter to the world. **California's Spiritual Frontiers** Sandra Sizer Frankiel, 2023-04-28

California's Spiritual Frontiers: Religious Alternatives in Anglo Protestantism 1850-1910 offers a profound exploration of how Anglo Protestantism evolved and adapted in California during a period of rapid cultural and societal transformation. In a region where evangelical Protestantism initially sought to dominate, the book reveals how traditional religious norms were challenged by liberal ideologies and metaphysical movements including Christian Science, New Thought, and Theosophy. These alternative spiritual frameworks reshaped the religious landscape, emphasizing individual spirituality, mysticism, and openness to non-traditional beliefs. The book vividly illustrates how California's unique social dynamics and cultural diversity fostered a distinctive blend of spiritual experimentation and adaptation. Focusing on key regions such as the mining districts, San Francisco Bay Area, and early Los Angeles, *California's Spiritual Frontiers* examines the interplay between traditional denominations, emerging liberal thought, and new metaphysical religions. It details the challenges faced by Protestant leaders to maintain their influence amidst a largely unchurched population and the growing popularity of alternative spiritual paths. This meticulously researched work not only provides a window into California's unique religious evolution but also contributes significantly to the broader study of American religious history, highlighting the intersection of regional cultural and spiritual identities. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1988. *Carolina Beach Music Encyclopedia* Rick Simmons, 2018-08-03

While rock groups such as the Beach Boys and Jan and Dean defined the beach music of Southern California during the 1960s, a different R & B-influenced sound could be heard along South Carolina's Grand Strand. Drawing on extensive research and exclusive interviews, this richly illustrated reference work covers the music, songwriters, and performers who contributed to the genre of classic Carolina beach music from 1940 to 1980. Detailed entries tell the stories behind nearly 500 classic
