Parham,2002-03-19 Though important strides have been made in the last three decades in the research efforts on African Americans there continues to be a lack of significant new understanding about the impact of the African American culture on the therapy process and dynamics This volume provides an in depth analysis of the counseling literature pertaining to African American clients Specifically the analysis includes a review of the different variables client counselor counseling process and assessment that have received the bulk of research attention This sets the stage for the presentation of a counseling model for African American clients The authors discuss philosophical premises upon which the model is based and suggest specific counseling strategies and interventions related to the model Case study material is integrated throughout the chapters focusing on individual and group approaches This volume is an important work for counseling professionals as well as for students in social work and counseling programs

The Essence of Music Dr. Len Bergantino Ed.D. Ph.D. (USC),2024-08-20 Do you think that some slug who looks very professional who whispers an occasional interpretation to you five times a week for 7 years can make one bit of difference in your life or does such a psychotoxic slug called a psychoanalyst merely stick you in an emotional toilet bowl for seven years having the cumulative result of turning you into a hopeless bastard who will never turn the tragic corner in his or her life Can your analyst analyze an archaic liquid symbiotic or an osmotic transference or can they even recognize this phenomena in order to analyze it If the psychoanalyst cannot analyze these transferences they can't do an analysis I used to get good faith patients who had the balls to work on the cutting edge at the same time I did because they had had combinations of twenty years of two seven year

analyses plus several briefer psychotherapies only to be as crazy as the day they walked in 200 000 00 As Dr Donald Rinsley M D fellow American College of Psychoanalysts wrote about me my work has both a healing effect and affect Patients used to pay me six months in advance to hold the time open because I was irreplaceable I was the only one who could analyze the psychotic core of the personality and I was the only who could actually do what Dr Wilfred R Bion MRCS Medical Royal College of Surgeons wrote about analyzing the psychotic core of the personality As I am seventy nine years old I have written five books that must be read and digested in their entirety As these books are the thing in itself they will transform the reader into the kinds of analyst patient and psychotherapist who can make a difference in helping people turn the tragic corner in their lives In other words these five books are analysis These books were written to be around for a few hundred years and were directly guided by the Almighty By Dr LEN BERGANTINO Ed D USC Ph D A B P P The Essence of Music Musicality Pure Sound the Art of Melody and Inner Peace They say that music is the international language but what is music For the Bergantino Bredice family music was the family business www.drlenbergantino.com <https://tinyurl.com/bddsanf4> Falling In Love by Dr Len Bergantino featuring Joe Diorio world renown guitarist <https://www.youtube.com/channel/UCto3H5xeJBwN9fqWu8OSQA> featured Dr Len Bergantino Music and Books in Youtube Channel The Reverend Dr Len Bergantino Professional Musician from 1996 2012 Age 56 70 Musician s Local 47 Los Angeles California American Federation of Musicians
