2015 State Competition Sprint Round Problems 1–30

HONOR PLEDGE

I pledge to uphold the highest principles of honesty and integrity as a Mathlete®. I will neither give nor accept unauthorized assistance of any kind. I will not copy another's work and submit it as my own. I understand that any competitor found to be in violation of this honor pledge is subject to disqualification.

Signature _____ Date _____

Printed Name _____

School _____

Chapter _____

DO NOT BEGIN UNTIL YOU ARE INSTRUCTED TO DO SO.

This section of the competition consists of 30 problems. You will have 40 minutes to complete all the problems. You are not allowed to use calculators, books or other aids during this round. If you are wearing a calculator wrist watch, please give it to your proctor now. Calculations may be done on scratch paper. All answers must be complete, legible and simplified to lowest terms. Record only final answers in the blanks in the left-hand column of the competition booklet. If you complete the problems before time is called, use the remaining time to check your answers.

In each written round of the competition, the required unit for the answer is included in the answer blank. The plural form of the unit is always used, even if the answer appears to require the singular form of the unit. The unit provided in the answer blank is the only form of the answer that will be accepted.

Total Correct	Scorer's Initials

100 Things Iowa State Fans Should Know & Do Before They Die Alex Halsted,Dylan Montz,2015-09 Perfect for Iowa State fans who think they already know everything Most Iowa State fans have taken in a game at Jack Trice Stadium or the Hilton Coliseum and have seen highlights of Troy Davis and Fred Hoiberg But only real fans know the original team name the location and story behind the victory bell or were there when the basketball team made an Elite Eight run in 2000 100 Things Iowa State Fans Should Know Do Before They Die is the ultimate resource guide for true fans of Iowa State athletics Whether they are die hard boosters from the days of Earle Bruce on the gridiron or new supporters of Fred Hoiberg and ISU hoops fans will value these essential pieces of Cyclones football and basketball knowledge and trivia and all of the must do activities in their lifetime

Historical Dictionary of the Olympic Movement John Grasso,Bill Mallon,Jeroen Heijmans,2015-05-14 The Olympic Movement began with the Ancient Olympic Games which were held in Greece on the Peloponnesus peninsula at Olympia Greece It is not clear why the Greeks instituted this quadrennial celebration in the form of an athletic festival The recorded history of the Ancient Olympic Games begins in 776 B.C. although it is suspected that the Games had been held for several centuries by that time The Games were conducted as religious celebrations in honor of the god Zeus and it is known that Olympia was a shrine to Zeus from about 1000 B.C. In modern time The Olympic Movement attempts to bring all the nations of the world together in a series of multisport festivals the Olympic Games seeking to use sport as a means to promote internationalism and peace This fifth edition of Historical Dictionary of The Olympic Movement covers its history

through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on the history philosophy and politics of the Olympics major organizations the various sports the participating countries and especially the athletes This book is an excellent access point for students researchers and anyone wanting to know more about The Olympic Movement [IX Olympiad](#) George Russell,2015-11-18 The IX Olympiad the ninth volume in The Olympic Century series begins by exploring the Summer Games of Amsterdam 1928 the first to feature the Olympic flame as well as the first to include track and field and gymnastics competitions for women Well established as the world s greatest festival of sport the Olympic Games rose to new heights in Amsterdam The book tells the story of Olympic heroes like Paavo Nurmi the legendary Finnish distance runner who claimed one more gold medal in 1928 to take his personal total to nine from three Olympics and the Canadian sprinter Percy Williams who claimed the title of world s fastest man with golds in both the 100 and 200 metres Amsterdam also saw the triumph of triple jumper Mikio Oda of Japan who became the first gold medalist from Asia and American double gold swimmer Johnny Weismuller who would go on to star in Hollywood as Tarzan the Ape Man Following the Amsterdam Games the focus turns to Lake Placid N Y and the Winter Games of 1932 The book tells the story of athletes like American speed skater Irving Jaffee who lunged for gold in a thrilling photo finish in the 10 000 metres Sonja Henie of Sweden who would claim her second of three consecutive figure skating titles and American Eddie Eagan who would add a team gold in four man bobsleigh to his gold in boxing won in the Antwerp Olympics 12 years earlier Juan Antonio Samaranch former President of the International Olympic Committee called The Olympic Century e The most comprehensive history of the Olympic games ever publishede **The Man Who Broke Capitalism** David Gelles,2022-05-31 New York Times Bestseller New York Times reporter and Corner Office columnist David Gelles reveals legendary GE CEO Jack Welch to be the root of all that s wrong with capitalism today and offers advice on how we might right those wrongs In 1981 Jack Welch took over General Electric and quickly rose to fame as the first celebrity CEO He golfed with presidents mingled with movie stars and was idolized for growing GE into the most valuable company in the world But Welch s achievements didn t stem from some greater intelligence or business prowess Rather they were the result of a sustained effort to push GE s stock price ever higher often at the expense of workers consumers and innovation In this captivating revelatory book David Gelles argues that Welch single handedly ushered in a new cutthroat era of American capitalism that continues to this day Gelles chronicles Welch s campaign to vaporize hundreds of thousands of jobs in a bid to boost profits eviscerating the country s manufacturing base and destabilizing the middle class Welch s obsession with downsizing he eliminated 10% of employees every year fundamentally altered GE and inspired generations of imitators who have employed his strategies at other companies around the globe In his day Welch was corporate America s leading proponent of mergers and acquisitions using deals to gobble up competitors and giving rise to an economy that is more concentrated and less dynamic And Welch pioneered the dark arts of financialization transforming GE from an admired

industrial manufacturer into what was effectively an unregulated bank The finance business was hugely profitable in the short term and helped Welch keep GE s stock price ticking up But ultimately financialization undermined GE and dozens of other Fortune 500 companies Gelles shows how Welch s celebrated emphasis on increasing shareholder value by any means necessary layoffs outsourcing offshoring acquisitions and buybacks to name but a few tactics became the norm in American business generally He demonstrates how that approach has led to the greatest socioeconomic inequality since the Great Depression and harmed many of the very companies that have embraced it And he shows how a generation of Welch acolytes radically transformed companies like Boeing Home Depot Kraft Heinz and more Finally Gelles chronicles the change that is now afoot in corporate America highlighting companies and leaders who have abandoned Welchism and are proving that it is still possible to excel in the business world without destroying livelihoods gutting communities and spurning regulation

Out of the Running Shauna Shames,2017-01-31 An inside look into why Millennials are rejecting careers in politics and what this means for the future of America s political system Millennials are often publically criticized for being apathetic about the American political process and their lack of interest in political careers But what do millennials themselves have to say about the prospect of holding political office Are they as uninterested in political issues and the future of the American political system as the media suggests Out of the Running goes directly to the source and draws from extensive research including over 50 interviews with graduate students in elite institutions that have historically been a direct link for their graduates into state or federal elected office Harvard Law Harvard s Kennedy School of Government and Boston s Suffolk University Law School Shauna Shames herself a young graduate of Harvard University suggests that millennials are not uninterested rather they don t believe that a career in politics is the best way to create change Millennials view the system as corrupt or inefficient and are particularly skeptical about the fundraising frenzied media attention and loss of privacy that have become staples of the American electoral process They are clear about their desire to make a difference in the world but feel that the broken political system is not the best way to do so a belief held particularly by millennial women and women of color The implications of Shames argument are crucial for the future of the American political system how can a system adapt and grow if qualified intelligent leaders are not involved An engaging and accessible resource for anyone who follows American politics Out of the Running highlights the urgent need to fix the American political system as an absence of diverse millennial candidates leaves its future in a truly precarious position
