

## **Goal Statement**

As an undergraduate student earning a Bachelor of Arts degree in Psychology, I had every intention of becoming a psychologist. However, while completing two immensely enjoyable internships in the field, I realized that I no longer desired to pursue this as a career. Although I valued assisting people in bettering themselves, I found that the field did not call for the formation of more personal relationships or engaging in mutual mentorship with clients to the level that I desired and had experienced through interactions with fellow students as a Resident Assistant. As a result of this realization, I decided to apply for a Hall Director position after graduation. Over the course of my first semester in the position, I discovered that student affairs provides so many of the rewarding opportunities that I had been seeking in a job, including: variety in daily responsibilities, interactions with colleagues and supervisors who support my work and challenge me to develop professionally, the ability to work both independently and collaboratively and, most importantly, the potential for long-term relationships where I am able to witness and guide the professional and personal growth of those around me. A number of experiences have contributed to my decision to pursue a career in the field and helped to clarify the path towards accomplishing my goals.

My professional work has challenged me to develop competency in multiple areas of student affairs, including administration, judicial affairs, career and academic counseling, and crisis intervention. I thoroughly enjoy the variety and complexity of these responsibilities. As a supervisor of my student staff and a Hall Council advisor, I have helped to cultivate student leadership and personal growth. The changes in many residents throughout each year are remarkable, and I feel privileged to be in a field where I can witness and assist in students' holistic development process. With some students, I am able to further these roles to build a more personal relationship of mutual mentorship, allowing for significant growth experiences for me while I guide them towards their personal goals. Through this work, I have been positively challenged in ways that I had not anticipated and have gained as much, if not more, from my interactions with students as they have. I look forward to continuing this during assistantships or internships as I further my education.

I have also enjoyed involvement in collateral assignments in my department and across campus, particularly in the area of diversity education. Together with Concordia's Residence Life Social Justice and Diversity Committee, I have augmented discussion and knowledge of multicultural issues by organizing several new events and incorporating relevant information into current communication channels. My interest in advocating for underrepresented groups has also been strengthened by personal involvement with organizations such as Habitat for Humanity and the National Education for Women's Leadership Program. These involvements have enabled me to become a more informed leader and educator for my campus and the larger community. I have a passion for engaging students in conversations and leading dynamic experiences targeted at increasing their awareness of social justice issues, as this area of education has an immense impact on their ability to responsibly engage in the global community after college.

My experiences as a delegate and committee member of UMR-ACUHO have also helped to solidify my decision to pursue student affairs. As a result of these opportunities, I have grown
