Kalaya's Southern Thai Kitchen: A Cookbook Nok Suntaranon, Natalie Jesionka, 2024-11-05 Bring the bold, spicy, beautiful world of Southern Thai cooking to your kitchen through recipes and stories from the James Beard Award-winning chef of Kalaya in Philadelphia. Growing up in the tropical region of Southern Thailand, Nok Suntaranon helped her mother pound the fresh curry pastes she would sell at their local market. But decades later, after making a life in the United States, she returned home and saw that the food had become watered down, sweeter, and more geared toward a tourist's palate. Her life mission became clear: to preserve the flavors of Southern Thai food as she remembers them and to show American home cooks how delicious, intricately flavored, and doable Thai cooking is. This is the cuisine of her homeland, both balanced and fiery, rustic or refined. From peppery fish sauce, garlic, and chili fried chicken to an extra fresh, extra herbal green

curry to a celebratory turmeric sticky rice with savory coconut shrimp topping this is Thai food as you've probably never seen it. With easy to follow instructions, beginner friendly tips, suggested recipe pairings and stunning on location photography, Kalaya's Southern Thai Kitchen allows all cooks to bring a piece of Thailand into their kitchens. *Homemade Thai Takeout Cookbook* Kim Ellis, 2016-09-07

Brulotte, 2016-04-29 Food's cultivation, preparation and communal consumption has long been considered a form of cultural heritage. A dynamic living product, food creates social bonds as it simultaneously marks off and maintains cultural difference. In bringing together anthropologists, historians and other scholars of food and heritage, this volume closely examines the ways in which the cultivation, preparation and consumption of food is used to create identity claims of cultural heritage on local, regional, national and international scales. Contributors explore a range of themes including how food is used to mark insiders and outsiders within an ethnic group, how the same food's meanings change within a particular society based on class, gender or taste, and how traditions are invented for the revitalization of a community during periods of cultural pressure. Featuring case studies from Europe, Asia and the Americas, this timely volume also addresses the complex processes
