

## **THANK YOU LETTER TO PERSONAL TRAINER**

---

Dear [Personal Trainer's Name],

I'm not sure I could ever find the words to fully express how grateful I am for your support and encouragement throughout my fitness journey. When I first started working with you, I never imagined I would be where I am today. Thanks to your guidance and motivation, I have achieved so much more than I ever thought possible.

You always believed in me, even when I didn't believe in myself. You pushed me when I needed it, and you were there to catch me when I stumbled. You truly made all the difference in my life, and for that, I am forever grateful.

I never would have been able to achieve my goals without your guidance and support. Thank you from the bottom of my heart for all that you have done for me.

With gratitude,  
[Your Name]

be the reason for your company's sky rocketing success      **Evaluating Training Programs (Volume 1 of 2) (EasyRead Super Large 18pt Edition)** Donald L. Kirkpatrick, 1998 Donald L. Kirkpatrick presents a system for evaluating the effectiveness of a training program. The system assesses four types of information: the reactions of the participants, the learning they achieved, changes in their behavior, and the final business results such as increased production, improved quality, decreased costs, or higher profits. This solid, organized approach to evaluation includes guidelines, sample questionnaires, charts, and formulas, as well as case studies of companies using this approach. However, because it is fairly dry and technical, this book primarily will interest those who run or rely upon training programs. The summaries of the first chapters covering the evaluation system can provide managers and executives with a general idea of this approach and the research involved. But get abstract particularly recommends this book to those leading training programs because they can use its specific material as a reference when undertaking evaluations.      *Finding, Training, and Keeping Great Service Employees 101* Richard D. Olle, 2009-06-11 This book is a detailed how-to book on finding the career-minded GREAT employees you need to move your organization forward in a positive manner. Included in the book are samples of A hiring process manual, An employee policy manual, Sample job descriptions. Using the ideas in this book may just save you a lot of blood, sweat, and tears.
