Gaddis,2019-11-12

There's a problem with school lunch in America. Big Food companies have largely replaced the nation's school cooks by supplying cafeterias with cheap precooked hamburger patties and chicken nuggets chock full of industrial fillers. Yet it's no secret that meals cooked from scratch with nutritious locally sourced ingredients are better for children, workers, and the environment. So why not empower lunch ladies to do more than just unbox and reheat factory-made food? And why not organize together to make healthy, ethically sourced, free school lunches a reality for all children? The Labor of Lunch aims to spark a progressive movement that will transform food in American schools and with it the lives of thousands of low-paid cafeteria workers and the millions of children they feed. By providing a feminist history of the US National School Lunch Program, Jennifer E. Gaddis recasts the humble school lunch as an important and often overlooked form of public care. Through vivid narration and moral heft, *The Labor of Lunch* offers a stirring call to action and a blueprint for school lunch reforms capable of delivering a healthier, more equitable, caring, and sustainable future.

[A Short History of the Girl Next Door](#) Jared Reck, 2018-12-24. Equal parts hilarious and heartbreaking, this unrequited love story will appeal to fans of Jennifer Niven, John Green, and Jesse Andrews. Seriously, how can you see a person nearly every day of your life and never think a thing of it? Then all of a sudden, one day, it's different. You see that goofy grin a thousand times and just laugh. But goofy grin 1,001 nearly stops your heart. Right? That sounds like a bad movie already. Matt Wainwright is constantly sabotaged by the overdramatic movie director in his head. He can't tell his best friend Tabby how he really feels about her; he implodes on the JV basketball team, and the only place he feels normal is in Mr. Ellis's English class, discussing the greatest fart scenes in literature and writing poems about pissed-off candy cane lumberjacks. If this were a movie, everything would work out perfectly. Tabby would discover that Matt's madly in love with her, he'd overcome with emotion and fall into her arms. Maybe in the rain. But that's not how it works. Matt watches Tabby get swept away by senior basketball star and all-around great guy Liam Branson. Losing Tabby to Branson is bad enough, but screwing up and losing her as a friend is even worse. After a tragic accident, Matt finds himself left on the sidelines, on the verge of spiraling out of control and losing everything that matters to him. From debut author Jared Reck comes a fiercely funny and heart-wrenching novel about love, longing, and what happens when life, as you know it, changes in an instant. This story broke my heart and made me laugh and gave me hope, and really, what more can you ask of a book than that? I loved it, and I have a feeling you will, too.

Jennifer E. Smith, author of *Windfall* and *The Statistical Probability of Love at First Sight*. In the blink of an eye, *A Short History of the Girl Next Door* goes from hilarious to haunting to harrowing to heartbreaking to hopeful and back. Jeff Zentner, award-winning author of *The Serpent King* and *Goodbye Days*. Sharp, smart, and unforgettable. Kate Hattemer, critically acclaimed author of *The Vigilante Poets of Selwyn Academy* and *The Land of 10,000 Madonnas*. A powerful novel about first love, the intimacy of childhood friendships, and moving forward from loss. Publishers Weekly Pair this with other novels that explore loss from a male perspective, such as Jeff Zentner's *Goodbye Days* or Adam Silvera's *History Is All You Left Me*. Booklist: Reck gives subtlety and depth to Matt so
