The Targeting of Myron May: Florida State University Gunman : Assistant D.A. Pushed Over the Edge (Mind Control Technology Book Series) Book 5 of 7 Renee Pittman, 2015-03-19 A young

gifted Assistant District Attorney's tragic end after revealing himself a victim of a documented high level targeting program enforced by patented highly advanced psycho physical technologies reporting it covertly destroyed his life and career. He met his demise after opening fire at Florida State University's Strozier Library just after midnight November 20, 2014, injuring three and his quest for Suicide by Cop. My deepest regret is that I did not make a more diligent effort of documenting my experiences as a Targeted Individual along the way; however, this document is my feeble attempt at recounting my experiences thus far. First off to anyone that may read this document, take a brief moment to pray for my soul. What I am about to do, I have deep regret for; however, I feel that my options are extremely limited. Because I am a targeted individual, everything has been taken away from me. I have literally been robbed of life through psychological, financial, and emotional hardship. November 17, 2014 Excerpt from Myron May, My Experiences of Being Targeted. On November 20, 2014, at 12:26 a.m., Myron De Shawn May entered Florida State University Strozier Library and opened fire, injuring three, two of whom were students and the third an alum employee. The media reported that by 12:30 a.m., a mere 4 minutes later, May lay face down dead after a hail of bullets just outside the library door by law enforcement after refusing to relinquish his weapon. Initial media reports vary as to whether he shot first. Prior to the shooting, Myron May via Certified Mail sent out ten packages to various associates and social network contacts across the United States, hoping to detail his story after his death. He strategically planned for the packages to arrive the day after the shooting. Although the Postal Inspector and FBI intercepted and confiscated the packages across the United States, immediately weeks later, six letters would surface which May created by email of the information inside the packages. His suicide letter and YouTube video provide insight into the anguish and a well-organized mind that had it appears, devised a scheme for permanent emotional relief. The emailed information within the certified mailings laid the foundation for this book. In Myron May's own words, his last wish stated within his suicide letter was that his painful story never dies.

AUTHOR'S NOTE Today there are thousands reporting being used as human guinea pigs who are fighting the good fight, refusing to bend or break. The nationwide goal instead is that awareness of covert, monstrous, highly perfected technologies after DECADES of research, TESTING and development programs will save lives.
