The Encyclopedia of Hollywood Film Actors Barry Monush, 2003-04-01 For decades Screen World has been the film professional's as well as the film buff's favorite and indispensable annual screen resource full of all the necessary statistics and facts Now Screen World

editor Barry Monush has compiled another comprehensive work for every film lover's library. In the first of two volumes, this book chronicles the careers of every significant film actor from the earliest silent screen stars Chaplin, Pickford, Fairbanks to the mid 1960s when the old studio and star systems came crashing down. Each listing includes a brief biography, photos from the famed Screen World archives with many rare shots, vital statistics, a comprehensive filmography, and an informed, entertaining assessment of each actor's contributions, good or bad. In addition to every major player, Monush includes the legions of unjustly neglected troupers of yesteryear. The result is a rarity: an invaluable reference tool that's as much fun to read as a scandal sheet. It pulsates with all the scandal, glamour, oddity, and glory that was the lifeblood of its subjects.

Contains over 1,000 photos. *Shining in Shadows* Murray Pomerance, 2011-10-19. In the 2000s, new technologies transformed the experiences of movie going and movie making, giving us the first generation of stars to be just as famous on the computer screen as on the silver screen. *Shining in Shadows* examines a wide range of Hollywood icons from a turbulent decade for the film industry and for America itself. Perhaps reflecting our own cultural fragmentation and uncertainty, Hollywood's star personas sent mixed messages about Americans' identities and ideals. Disheveled men, children like Will Ferrell and Jack Black shared the multiplex with debonair old Hollywood standbys like George Clooney and Morgan Freeman. Iconic roles for women ranged from Renee Zellweger's dithering romantics to Tina Fey's neurotic professionals to Hilary Swank's vulnerable boyish characters. And in this age of reality TV and TMZ stars like Jennifer Aniston and Brangelina, became more famous for their real-life romantic dramas at the same time that former tabloid fixtures like Johnny Depp and Robert Downey Jr. reinvented themselves as dependable leading men. With a multigenerational international cast of stars, this collection presents a fascinating composite portrait of Hollywood stardom today.

British Novelists in Hollywood, 1935-1965 L. Colletta, 2013-12-10. *British Novelists in Hollywood 1935-1965* calls attention to the shifting grounds of cultural expression by highlighting Hollywood as a site that unsettled definitions and narratives of colonialism and national identity for prominent British novelists such as Christopher Isherwood, P. G. Wodehouse, Evelyn Waugh, and J. B. Priestley.

Moral Panic and the Politics of Anxiety SEAN HIER, 2012-05-23. *Moral Panic and the Politics of Anxiety* is a collection of original essays written by some of the world's leading social scientists. It seeks to provide unique insight into the importance of moral panic as a routine feature of everyday life whilst also developing an integrated framework for moral panic research by widening the scope of scholarship in the area. Many of the key twenty-first century contributions to moral panic theory have moved beyond the parameters of the sociology of deviance to consider the importance of moral panic for identity formation, national security, industrial risk, and character formation. Reflecting this growth, the book brings together recognized moral panic researchers with prominent scholars in moral regulation, social problems, cultural fear, and health risks, allowing for a more careful and critical discussion around the cultural and political significance of moral panic to emerge. This book will prove valuable reading for both undergraduate and postgraduate students on courses such as politics.

Shouting Down the Silence David C Dougherty,2010-10-01 Shouting Down the Silence presents the first complete biography of Stanley Elkin a preeminent novelist who consistently won high marks from critics but whose complexities of style seemed destined to elude the popular acclaim he hoped to attain From the publication of his second novel A Bad Man in 1967 to his death in 1995 Elkin was tormented by the desire for both material and artistic success Elkin s novels were taught in colleges and universities his fiction received high praise from critics and reviewers two of his novels won National Book Critics Circle Awards and his short stories were widely anthologized and yet he was unable to achieve renown beyond the avant garde or to escape the stigma of being an academic writer He wanted to be Faulkner but he had trouble being Elkin Drawing on personal interviews and an intimate knowledge of Elkins s life and works David C Dougherty captures Elkin s early life as the son of a charismatic intimidating and remarkably successful Jewish immigrant from Russia as well as his later career at Washington University in St Louis A frequent participant at the annual Bread Loaf Writers conference he was the friend and sometime antagonist of other important writers particularly Saul Bellow William Gass Howard Nemerov and Robert Coover Despite failed attempts to bridge the gap from his academic post to wide popular success Elkin continued to write essays stories and novels that garnered unerring praise His was a classic dilemma of an intellectual aesthete loath to make use of the common devices of popular appeal The book details the ambition the success the friction and the foibles of a writer who won fame but not the fame he wanted
