The age of reason Thomas Paine,1818 **The Age of Reason** Thomas Paine,1957 **The Age of Reason** Thomas Paine,2023-12-05 A major actor in the American Revolution the English intellectual Thomas Paine 1737 1809 is best remembered for his pamphlet Common Sense 1776 which advocated American independence from Britain Although accorded honorary French citizenship in 1792 for his republican Rights of Man Paine was later imprisoned and narrowly escaped the guillotine It was around this time that he started to write The Age of Reason originally published in two parts between 1794 and 1795 In Part 1 Paine outlines his personal religious views and attacks institutional faith as a human invention while Part 2 analyses the Bible and highlights its contradictions The work was met with great hostility in Britain and denounced as espousing atheism while in America it led to a short lived revival of deism but was also much reviled This reissue includes both parts and affords valuable insight into radical freethinking during the age of revolutions

MISSIONS AND REVELATION Every national church or religion has established itself by pretending some special mission from God communicated to certain individuals The Jews have their Moses the Christians their Jesus Christ their apostles and saints and the Turks their Mahomet as if the way to God was not open to every man alike Each of those churches shows certain books which they call revelation or the Word of God The Jews say that their Word of God was given by God to Moses face to face the Christians say that their Word of God came by divine inspiration and the Turks say that their Word of God the Koran was brought by an angel from heaven Each of those churches accuses the other of unbelief and for my own part I disbelieve them all As it is necessary to affix right ideas to words I will before I proceed further into the subject offer some observations on the word revelation Revelation when applied to religion means something communicated immediately from God to man
