The Apocalypse Trigger:

Triggered Fletcher Wortmann, 2012-03-27 AS FEATURED ON NPR S TALK OF THE NATION Imagine the worst thing in the world Picture it Construct it carefully and deliberately in your mind Be careful not to omit anything Imagine it happening to you to the people you love Imagine the worst thing in the world Now try not to think about it This is what it is like for Fletcher Wortmann In his brilliant memoir the author takes us on an intimate journey across the psychological landscape of OCD known as the doubting disorder as populated by God girls and apocalyptic nightmares Wortmann unflinchingly reveals the elaborate series of psychological rituals he constructs as preventative measures to ward off the end times as well as his learning to cope with intrusive thoughts through Clockwork Orange like trigger therapy But even more than this the author emerges as a preternatural talent as he unfolds a kaleidoscope of culture high and low ranging from his obsessions with David Bowie X Men and Pokemon to an eclectic education shaped by Shakespeare Kierkegaard Catholic mysticism Christian comic books and the collegiate dating scene at the People s Republic of Swarthmore **Triggered** is a pitch perfect memoir a touching triumphantly funny compulsively readable and ultimately uplifting coming of age tale for Generation Anxiety Fletcher Wortmann on OCD and sex If a girl accepts an invitation to help count the tiles on your bedroom ceiling then she will probably be disappointed when she realizes you were speaking literally on OCD and religion I have found Catholicism and obsessive compulsive disorder to be deeply sympathetic to one another One is a repressive construct founded in existential terror barely restrained by complex arbitrary ritual behaviors the other is an anxiety disorder on OCD humor By the sink I noticed a perfunctory sign warning readers to wash their hands It was scrawled with graffiti NO YOU CAN T GERMS ARE UNPREVENTABLE AND INESCAPABLE on the seductiveness of OCD Every so often everything will work and you will somehow convince yourself that you are safe and the disorder will claim credit I had struck a bargain with the OCD The transaction was complete In that moment I became subservient to it **My Cosmic Trigger** Matt Vaughn, 2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd It involves the intersection of multiple paranormal phenomena revealing an eerie undergirding of reality MY COSMIC TRIGGER is a deep dive into the subject covering its history theories and notable researchers analyzing mechanisms behind this cosmic enigma The author s personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level helping people navigate their own synchromystic initiation with a sense of clarity fostering a constructive relationship with odd occurrences not a destabilizing one and enabling readers to successfully pull their own cosmic trigger **Narrating Multiplicities in Motion** Elena Ogliari, Anna Pasolini, Carla Tempestoso, 2025-11-10 Narrating Multiplicities in Motion brings together a dynamic collection of interdisciplinary essays that explore storytelling as a powerful tool for resisting dominant narratives and imagining equitable futures Grounded in Cultural Studies English and Anglophone Literature and Linguistics the volume examines how narrative practices reframe identity challenge systemic

inequalities and foster interconnectedness between human and more than human beings Through analyses of speculative fiction postcolonial narratives feminist reimaginings and contemporary media contributors investigate how stories reshape our understanding of bodies spaces and subjectivities Whether through the subversive humour of a contemporary TV anti heroine the reconfiguration of colonial pasts in Africanfuturist fiction or the embodied resistance found in post apocalyptic landscapes Narrating Multiplicities in Motion invites readers to engage with storytelling not merely as reflection but as political action In an age marked by crisis and uncertainty it reaffirms narrative as a site of resistance responsibility and radical possibility

Sartre, Imagination and Dialectical Reason Austin Hayden Smidt, 2019-06-28 There are perpetual debates about the extent of freedom in politics Are we free to choose Are we overdetermined by our material conditions Some hybrid between the two What is more how are we to comprehend ourselves as creators of history if freedom itself is a problematic concept And what would it mean if self comprehension were

foreclosed by this problematic In this text Austin Hayden Smidt analyzes an oft overlooked text by Jean Paul Sartre in order to ground a logical framework for exploring this paradox In Critique of Dialectical Reason Sartre sought to develop an historical and structural heuristic one that would enable future theorists and activists alike to assess the pressing problems facing the various milieus of capitalist life Through this heuristic his intent was to develop an orientation enabling humans to transform their world in their perpetual creation of themselves and vice versa However the stylistic difficulties of the text as well as a general agreement among previous interpreters has prevented the richness of the investigation from taking root This book sets a new course and invites further collaboration as together we create society as a work of art The Jesus Myth Kyle Weyburne, This book reveals the true story of what was unfolding in the Middle East in the centuries leading up to the emergence of Christianity as accurately as possible It will upset some but that is not my goal The true history of events is always suppressed and this is an attempt to revive the actual story as it occurred as faithfully as possible A long lost prophecy in the Dead Sea Scrolls reveals that Judas Maccabeus was the original Messiah and he did do amazing things including liberating Israel from the oppressive Greeks He gave Israel independence for the first time in 400 years and began a golden period However in the centuries to come the spectre of the Roman army began to manifest The Jews needed hope and so the prophecy was revamped and extended This resulted in a whole swathe of messianic contenders and in the 70 s AD after Rome defeated the Jews in a bloody war a relatively unknown man was extolled as the Messiah The reason why Jesus was chosen He was the most Western of all the contenders he preached tolerance at a time when few Jews would This suited Rome and so in Rome in a foreign tongue his story was written A lot of it was made up I don t say these words lightly I will prove this This book answers many more questions too questions that have vexed us for millennia such as Where is the Garden of Eden What happened to Noah s Ark Who was the first man Who was the Devil The answers will surprise you and they ll challenge everything that you think you know We live in dangerous times when fact is hard to discern from fiction This book offers a glimmer of truth at a time when this is the rarest of commodities Lion Douglas Misquita, 2019-05-14 The Syrian War has spilt into its sixth year The bloody contest between the Syrian National Army and the Free Syrian Army is confounded by rebel factions terror outfits fundamentalists unscrupulous businesses and a proxy war between the United States and Russia Aslan The Lion Terzi a political prisoner incarcerated at the notorious Tadmor Prison is near suicide when a Daesh commander inexplicably gives him a new lease on life Disillusioned by the depravity of the War he chooses to flee Syria But a chance encounter at the border draws him back for the love of a woman Goldline Solutions is the security contractor of choice for Sheik Akhmed bin Rashid When the disappearance of Goldline client Leonid Rashnikov threatens a lucrative multi billion dollar deal CEO Samuel Goldsmith will put everything on the line to restore the sheikh s confidence Russian FSB agent Illiya Pushkin sanctions an illicit operation in Syria With a vindictive colleague on her trail she finds herself complicit in a crime that propels her into the FSB s most wanted list Five strangers Working on assumptions No

elaborate plan No inside help They will attempt the most audacious supermax prison breakout ever attempted on Russian soil In an imperfect world the singular human instinct of survival is all that matters And there will be a heavy price to pay

Planet Ponzi Feierstein B Mitch, Mitch Feierstein, 2012-02-02 As the global economy struggles to avoid meltdown so the greatest Ponzi scheme in history approaches its final death rattle Politicians have stood by and watched the financial industry create a massive overhang of debt a mountain of low quality assets and ultimately an economic disaster which has dwarfed all others The Eurozone crisis and the LIBOR manipulation scandal are just two symptoms of a much broader problem one of vastly excessive debt regulatory failure a culture of deceit on Wall Street and the City of London and governments that have promised their citizens far more than they can deliver Publisher Superpower M. Keith Booker, 2010-05-01 Supernatural

and superhuman elements have been prominent in American culture from the time of the New England Puritans intense emphasis on religion *Superpower* surveys the appearance of supernatural and superhuman elements in American culture focusing on the American fascination with narratives involving supernatural adventure superhuman heroes and vast conspiracies driven by supernatural evil In particular M Keith Booker suggests that the popularity of such themes indicates a deep seated dissatisfaction with the rationalized world of contemporary American society Booker details the development of the national myths underlying the characters of Superman Batman and Spiderman television hits from Star Trek to Lost and the franchises of Pirates of the Caribbean and The Lord of the Rings This culture spanning investigation begins with a historical survey of supernatural and superhuman themes in American culture and concludes with the recent upsurge that began in the 1990s It then turns to various works of recent popular culture with supernatural and superhuman themes such as Twin Peaks The X Files and Buffy the Vampire Slayer organized according to the desires to which these works respond What do these fantasies reveal about what it means to be American today and what we want it to mean *CBRNE:*
