Leadership in a VUCA World Michael Fuchs,Jochen Messner,Robert Sok,2018-08-02 VUCA is not just another acronym Originally coined by the American military to describe a situation fraught with a variety of challenges it now has a permanent place in the realms of strategic leadership Those who have made it into an enterprise management role are finding that their leadership skills are truly being tried and tested on account of the volatile uncertain complex and ambiguous environment we are in Agility is now the name of the game Developing one s

leadership skills to match this requirement and to not only surmount the challenges posed by the VUCA world but do so in a mature and authentic way is what this book is all about It gently submerges the reader into an impressive tank of knowledge that the authors experts in the field of personal development have amassed during their careers Psychology mythology and examples of real life enterprises are accompanied by the excellent analogy of one of our best known heroes Luke Skywalker of the Star Wars films to illustrate that there is nothing to fear that we all have the potential to act courageously At regular intervals throughout the book the reader is presented with thought provoking questions and statements the answers to which will help them eventually resurface with a clear picture of how to use their skills and talents to motivate themselves and others to proceed wisely in the corporate landscape Contents An expert guide from three vastly experienced and accomplished executive coaches Learn effectively at your own pace any time and anywhere Convincing background knowledge and examples **Four Thousand Weeks** Oliver Burkeman, 2021-08-10 AN INSTANT NEW YORK TIMES

BESTSELLER Provocative and appealing well worth your extremely limited time Barbara Spindel The Wall Street Journal The average human lifespan is absurdly insultingly brief Assuming you live to be eighty you have just over four thousand weeks Nobody needs telling there isn't enough time We're obsessed with our lengthening to do lists our overfilled inboxes work life balance and the ceaseless battle against distraction and we're deluged with advice on becoming more productive and efficient and life hacks to optimize our days But such techniques often end up making things worse The sense of anxious hurry grows more intense and still the most meaningful parts of life seem to lie just beyond the horizon Still we rarely make the connection between our daily struggles with time and the ultimate time management problem the challenge of how best to use our four thousand weeks Drawing on the insights of both ancient and contemporary philosophers psychologists and spiritual teachers Oliver Burkeman delivers an entertaining humorous practical and ultimately profound guide to time and time management Rejecting the futile modern fixation on getting everything done Four Thousand Weeks introduces readers to tools for constructing a meaningful life by embracing finitude showing how many of the unhelpful ways we've come to think about time aren't inescapable unchanging truths but choices we've made as individuals and as a society and that we could do things differently *From Engineer to Manager: Mastering the Transition, Second Edition* B.
