and writing for digital content Duncan's handy book teaches new screenwriters the process of creating a professional screenplay from beginning to end. It shows that inspiration, creativity, and good writing are not elusive concepts but attainable goals that any motivated person can aspire to. Duncan includes sections on all aspects of screenwriting from character development to story templates and breaks down the three acts of a screenplay into manageable pieces. A Guide to Screenwriting Success contains dozens of exercises to help writers through these steps. The second half of Duncan's practical book covers another often overlooked side of screenwriting: the teleplay. Aspiring writers who also want to try their hand at writing for television will need to learn the specifics of the field. The book breaks down this area into two parts: the one-hour teleplay and the situation comedy. There is a section on writing and producing digital content that embraces the "Do It Yourself" attitude to approaching a career in the entertainment industry. Success in screenwriting is no longer a dream but an achievable goal for those who pick up Duncan's guide.

**Galaxy Wars** Sui Yue, 2020-06-01. In one of the two great powers of the Milky Way, the Yule Empire, there was a well-known and mysterious rumor that in some unknown place there was a heaven-like, dream-like garden hidden. It is said that there is no seasonal change there; the four seasons are like spring. It is said that it is full of all kinds of flowers and clusters of flowers. It was said that the place was filled with a natural atmosphere making people yearn for it. Dreamscape: this was simply the lowest level of description an outsider could give. It was like a dream or illusion, a world where no one knew where it came from. It was so fascinating.
