Lewis, 2018-08-15 In business nothing happens until somebody buys something

And most businesses have a very good idea of why a prospective customer should buy their offering but lack critical knowledge about how their customers actually buy and are often blind to why they may not. As a result of extensive research, *How Customers Buy And Why They Don't* offers a formula for understanding any Customer Buying Journey. The book provides the approach to developing a strategy and a sales and marketing approach to successfully navigate and positively impact that buying journey. Whether you are an executive in management, an entrepreneur, an investor, a marketer, or a sales person, reading what Martyn has to say will radically change what you do and how successful you will be as a result. [Show AI--Don't Tell It](#) Lisa Palmer, 2025-09-30. The secret to AI adoption: Stop explaining the tech, help your organization visualize business success. Stakeholders don't invest in AI because they don't understand the tech; they invest when its business impact is clear and undeniable. In *Show AI Don't Tell It*, AI executive and business strategist Dr. Lisa Palmer reveals how to use visual storytelling to make AI's value tangible, turning complex ideas into clear business outcomes that drive buy-in, adoption, and scale. Instead of vague theories and hype, this book provides clear frameworks, practical tools, and proven visualization techniques to help leaders secure funding, accelerate implementation, and maximize AI's impact. Applying her Bold AI Leadership Model, Dr. Palmer lays out a structured approach to AI success. Mindset: The four Applied AI Guiding Principles—Business Value, Speed with Rigor, Simplicity, and Human Centricity—keep AI initiatives focused, efficient, and impactful. Strategic Priorities: The five AI Success Pillars—Value Creation, Customer Centricity, Collaborative Teams, Cultural Shifts, and Data as a Strategic Asset—ensure AI drives measurable business results. Practical Tools: The Visualization Tool Decision Framework, featuring over 20 strategic visualization tools, helps leaders simplify complexity, overcome resistance, and communicate AI's impact with clarity and confidence. A must-read for executives, business leaders, and AI practitioners, *Show AI Don't Tell It* provides the mindset, strategy, and tools needed to translate AI's potential into tangible value. Whether you're seeking stakeholder buy-in, funding approval, or faster adoption, this book shows you exactly how to use visual storytelling to accelerate business success with AI. [Designing the Human Business](#) Anthony Mills, 2024-10-30. Launch new ventures and grow existing businesses by discovering innovative solutions and business models that resonate with your customer's needs. Key Features: Learn how to dissect business models and create new ones that unlock maximum value. Discover how to use Design Thinking to deliver solutions that resonate with the market. Integrate Design Thinking with business model innovation for scalable, innovative business designs. Purchase of the print or Kindle book includes a free PDF eBook. Book Description: Globally, 275,000 new business ventures get launched every single day, and ninety percent of them fail. One of the most fundamental reasons for that is that they don't solve a real market problem that a real market population has in a way that resonates with that market and sells their solution. Consequently, they struggle to gain traction and attain scale. In this book, you'll learn what business models are. Additionally, you'll find out what business model innovation is and ultimately how to use Design Thinking to identify not just a winning value proposition but also bring that value proposition to the market in a

way that resonates with customers In doing so you ll be able to unlock maximum value for your business allowing it to attain maximum scale through growing waves of adopters By the end of this book you ll understand what you need to do to uncover your target markets reason to buy as well as how to wrap a winning business model around that reason so that your business can gain traction and achieve scale What you will learn Understand the fundamentals of business model innovation and its role in driving organizational success Explore how to craft human centered business models and their significance Master Design Thinking for resonant value propositions and business models Discover innovative solutions that address genuine customer aspirations Find out how quantitative and artificial intelligence approaches enhance human centered validation Overcome past marketplace failures with innovative ideas Build a human centered business model that withstands market forces Who this book is for This book is for individuals in leadership roles like CSOs CIOs CTOs CEOs and those responsible for launching and growing new business ventures It builds on your existing business knowledge showing you how to design businesses that grow inherently by connecting with markets through innovative human centered solutions and business models A foundational understanding of business operations is assumed

[The Experience Maker](#) Dan Gingiss,2021-06-01 Competition is tougher than ever these days and competing on price or product just doesn t work as well anymore So how can companies stand out in a crowded marketplace that is constantly evolving The answer is customer experience and the best part about customer experience is that it s delivered by human beings which are unique to a company Named a Top Business Book of 2021 by Forbes The Experience Maker helps managers and executives focus on customers who are already spending money with their company rather than spending more money on marketing new customers In The Experience Maker Dan Gingiss teaches that creating a remarkable experience for customers will ensure they become a company s best marketers and salespeople By learning from the successes of other companies and applying the proprietary WISER method Witty Immersive Shareable Extraordinary Responsive managers and executives learn to create remarkable experiences that their customers will want to talk about with friends family and social media followers

**Invisible Labor** Marion Crain,Winifred Poster,Miriam Cherry,2016-06-28 Demographic and technological trends have yielded new forms of work that are increasingly more precarious globalized and brand centered Some of these shifts have led to a marked decrease in the visibility of work or workers This edited collection examines situations in which technology and employment practices hide labor within the formal paid labor market with implications for workplace activism social policy and law In some cases technological platforms space and temporality hide workers and sometimes obscure their tasks as well In other situations workers may be highly visible indeed the employer may rely upon the workers aesthetics to market the branded product but their aesthetic labor is not seen as work In still other cases the work occurs

within a social interaction and appears as leisure a voluntary or chosen activity rather than as work Alternatively the workers themselves may be conceptualized as consumers rather than as workers Crossing the occupational hierarchy and spectrum from high to low waged work from professional to manual labor and from production to service labor the authors argue for a broader understanding of labor in the contemporary era This book adopts an interdisciplinary approach that integrates perspectives from law sociology and industrial labor relations Provided by publisher
