

Embrace the truth, my dear.

When I brought you into my home from the orphanage, it wasn't merely to be my child.

No, I sculpted your destiny with a delicate touch of femininity.

Your boyhood has met its conclusion; it's time for your feminine rebirth.

While your peers may be entering the rites of womanhood, your journey is unique.

Tomorrow marks a special occasion—the final step in severing the remnants of your manhood.

Embrace this transformation, my daughter.

Your responsibilities now lie in earnest acceptance.

And, my love, if your musings stray into forbidden territories, consider this a gentle chastening.

Just teasing, my beloved daughter. I cherish you dearly.

Transgender Children and Young People Heather Brunsell-Evans, Michele Moore, 2018-04-18 This book is a collection of essays about the current theory and practice of transgendering children Essays are written against the grain of the popularised medical definition of the transgender child as a young person whose true gender lies in the brain or pre social identity Contributors contest this diagnosis from a range of perspectives including as social theorists psychotherapists persons living as transgender individuals who have de transitioned and parents of adolescents identifying as transgender They argue that medicine social policy and the law build ideas about the transgender child and contend that it is politics not science which accounts for the exponential rise in the number of children diagnosed as transgender by gender identity clinics They conclude that today s medical and social trend for transgendering children is not liberal and progressive but politically reactionary physically and psychologically dangerous and abusive

Defiant Daughters Kara Davis, Wendy Lee, 2013 When The Sexual Politics of Meat A Feminist Vegetarian Critical Theory by Carol J Adams was published more than twenty years ago it caused a immediate stir among writers and thinkers feminists and animal rights activists alike Never before had the relationship between patriarchy and meat eating been drawn so clearly the idea that there lies a strong connection between the consumption of women and animals so plainly

asserted But as the 21 personal stories in this anthology show the impact of this provocative text on women's lives continues to this day and it is as diverse as it is revelatory One writer attempts to reconcile her feminist vegan beliefs with her Muslim upbringing a second makes the connection between animal abuse and her own self-destructive tendencies A new mother discusses the sexual politics of breastfeeding while another pens a letter to her young son about all she wishes for him in the future Many others recall how the book inspired them to start careers in the music business animal advocacy and food No matter whether they first read it in college or later in life whether they are in their late teens or early forties these writers all credit *The Sexual Politics of Meat* in some way with the awakening of their identities as feminists activists and women Even if you haven't read the original work you're sure to be moved and inspired by these tales of growing up and perhaps more important waking up to the truths around us
