The 4400: Welcome to Promise City Greg Cox, 2009-09-22 Based on the hit USA Network series *The 4400* an original novel about a group of 4400 people taken out of their time and returned to the present day with special powers only no one including them is sure if they are a force for good or for evil Over nine thousand people were killed in Seattle when promicin was unleashed within the city limits Now the Federal government has to decide how to deal with citizens who have powers and abilities that cannot be legislated An uneasy truce has arisen between Jordan Collier the self styled leader of *The 4400* and the Federal government While he stopped more people from being killed Collier was the one responsible for unleashing promicin on the world Now governments around the world have to wonder just who controls these powerful people and just what are Collier and *The 4400* going to do next Das Science Fiction Jahr 2010 Sascha Mamczak, Wolfgang

Jeschke, 2011-03-04 Das einzigartige Jahrbuch zur Science Fiction in ihren multimedialen Erscheinungsformen Was geschieht in Millionen von Jahren Wo werden wir sein wenn die Zeit aufhört zu existieren vorausgesetzt es gibt uns dann überhaupt noch Solchen Fragen rund um die Future Histories die Geschichte der fernen Zukunft geht das *Science Fiction Jahr 2010* nach Außerdem eine große Rückschau auf das Phänomen *Star Trek* sowie Essays Rezensionen und Artikel über Bücher Filme Comics und Computerspiele **4400: Promises Broken** David Mack, 2009-10-27 4400 taken 4400 returned All were given startling

new abilities Now if you are willing to risk it all you too can be extraordinary Is this what the future intended to ensure the survival of the human race Promicin which kills half of those who dare to inject it and grants paranormal abilities to those who survive is spreading across the globe and threatening to plunge the entire world into chaos One year has passed since Jordan Collier and his followers seized control of Seattle and renamed it Promise City U S armed forces have surrounded Seattle and each day brings Collier and his Promicin Positive Movement closer to all out war with the world's greatest military superpower However the real threats are the Marked agents from the future whose identities are encoded into body hijacking nanites They were sent back to thwart the efforts of the 4400 The last three surviving Marked lurk in the shadows working in secret as they prepare to deliver a deathblow to the planet Caught in the crossfire are NTAC agents Tom Baldwin and Diana Skouris His son Kyle and her thirteen year old adopted daughter Maia are both more loyal to Jordan's movement than to them And when the standoff between Collier and the U S military explodes into open conflict Tom Diana and fellow agents wind up outnumbered and outgunned In the end the fate of all mankind will rest in the hands of one man Tom Baldwin

Howell,Terry M. Moe,2016-04-26 Our government is failing us Can we simply blame polarization the deregulation of campaign finance or some other nefarious force What if the roots go much deeper to our nation s start In Relic the political scientists William Howell and Terry Moe boldly argue that nothing less than the U S Constitution is the cause of government dysfunction The framers came from a simple small agrarian society and set forth a government comprised of separate powers one of which Congress was expected to respond to the parochial concerns of citizens across the land By design the national government they created was incapable of taking broad and meaningful action But a hundred years after the nation s founding the United States was transformed into a complex large and industrial society The key they argue is to expand the powers of the president Presidents take a longer view of things out of concern for their legacies and are able to act without hesitation To back up this controversial remedy Howell and Moe offer an incisive understanding of the Progressive Movement of the late 19th and early 20th centuries one of the most powerful movements in American history The Progressives shone a bright light on the mismatch between our constitutional government and the demands of modernity and they succeeded in changing our government sidelining Congress and installing a presidentially led system that was more able to tackle the nation s vast social problems Howell and Moe argue that we need a second Progressive Movement dedicated to effective government above all to reforms that promote strong presidential leadership For it is through the presidency that the American government can address the problems that threaten the very stability of our society
