challenges these characters face in negotiating modern masculinities Lotz analyzes how these shows combine feminist approaches to fatherhood and marriage with more traditional constructions of masculine identity that emphasize men's role as providers She explores the dynamics of close male friendships both in groups as in *Entourage* and *Men of a Certain Age* wherein characters test the boundaries between the homosocial and homosexual in their relationships with each other and in the dyadic intimacy depicted in *Boston Legal* and *Scrubs* *Cable Guys* provides a much needed look into the under considered subject of how constructions of masculinity continue to evolve on television
