system Twain has Huck s father enslave him isolate him and beat him When Huck escapes which anyone would agree was the right thing to do he then immediately encounters Jim illegally doing the same thing Some scholars discuss Huck s own character and the novel itself in the context of its relation to African American culture as a whole John Alberti quotes Shelley Fisher Fishkin who writes in her 1990 s book Was Huck Black Mark Twain and African American Voices by limiting their field of inquiry to the periphery white scholars have missed the ways in which African American voices shaped Twain s creative imagination at its core It is suggested that the character of Huckleberry Finn illustrates the correlation and even interrelatedness between white and black culture in the United States
