Coast Guard,1971 Stalking the Herd Christopher O'Brien,2020-02-01 Who or What is Behind the Cattle Mutilations The cattle mutilation phenomenon is an ongoing mystery that has endured for almost 50 years What have we learned if anything from the

countless reports filed Who or what is behind the death and disfigurement of livestock reported as mutilated around the globe Are these deaths simply attributable to natural predators and scavengers Or is the military government somehow involved perhaps monitoring mad cow disease Are the deaths the action of ritual cultists as police say the evidence would suggest Is it possible that alien predators are involved as some researchers and the media have suggested Are black helicopters or UFOs related to the cattle mutilation phenomenon as many witnesses have claimed Regardless of who or what is responsible what are the motivations behind perpetrating what may be the greatest unsolved serial crime spree of all time Stalking the Herd addresses these questions in depth and also offers an objective look at the history of our venerated relationship with cattle the first domesticated livestock Is there a connection between these ritualistic cattle deaths and humankind s ancient practice of animal sacrifice Why are there no Brahman cattle mutilations in India where cattle are revered to this day Are aliens gathering genetic material for unknown purposes What about the thousands of pounds of scientific forensic evidence Are some hidden sections of the military conducting secret projects that for some reason known only to them involve the mutilation of hundreds of cattle in an area that includes Colorado Springs the NORAD command base inside Cheyenne Mountain and the strange little town called Dulce on a small Apache Reservation

Adventures in Citizenship Grace Hull Stewart,Clarence Chambers Hanna,1928 [Shirley Jackson](#) Bernice M. Murphy,2005-10-19 Shirley Jackson was one of America s most prominent female writers of the 1950s Between 1948 and 1965 she published six novels one best selling story collection two popular volumes of her family chronicles and many stories which ranged from fairly conventional tales for the women s

magazine market to the ambiguous allusive delicately sinister and more obviously literary stories that were closest to Jackson's heart and destined to end up in the more highbrow end of the market. Most critical discussions of Jackson tend to focus on *The Lottery* and *The Haunting of Hill House*. An author of such accomplishment and one so fully engaged with the pressures and preoccupations of postwar America merits fuller discussion. To that end, this collection of essays widens the scope of Jackson scholarship with new writing on such works as *The Road through the Wall* and *We Have Always Lived in the Castle* and topics ranging from Jackson's domestic fiction to ethics, cosmology, and eschatology. The book also makes newly available some of the most significant Jackson scholarship published in the last two decades. **Human Families** Stevan
