The Arab World Competitiveness Report 2008:

Egypt and the Politics of Change in the Arab Middle East Robert Bowker, 2010-01-01 The situation unfolding in Egypt and elsewhere in the Arab Middle East has important implications for the future of the Arab political order For the first time a secular but inclusive political alternative to Islamism has emerged It has captured the political imagination of the emerging Arab middle class It will shape the regional security environment Its consequences are unpredictable but the greatest risk to the region is the marginalization and alienation of a movement that has raised and galvanized its political horizons Robert Bowker In his book *Egypt and the Politics of Change in the Arab Middle East* Professor Robert Bowker argues that if regimes fail to address effectively the demands for empowerment of its educated youth they face the prospect of a tsunami like current of instability and regression Ambassador Bowker's new book achieves the challenging objective of making a contribution to scholarship on Egypt and the Arab world while being accessible to a general audience He addresses the key drivers of change such as globalization and Islamicization and the entrenched attitudes behavior and institutions they confront Drawing upon an impressive array of empirical information case studies and first hand observations he both illustrates and assesses the contending forces and the likely outcomes of their confrontations Robert Springborg Naval Postgraduate School Monterey US This book is certain to be a valued and respected addition to the literature on the eve of a potentially transformational moment in Egyptian history and thus possibly for the Arab world as well Jerrold D Green Pacific Council on International Policy Los Angeles US In this illuminating and informed book Robert Bowker tackles the prospects for change in the contemporary Arab world He persuasively argues that while long term demographic educational and social transformations pose formidable challenges for the future the important issues of political reform Islamism and regional security are contestable The message that this book so engagingly conveys is that change is both inevitable and not necessarily to be feared It is a refreshingly constructive and timely reminder for all who would see the new Middle East as destined to be volatile and precarious James Piscatori Durham University UK Dr Bowker's study provides the best encapsulation and explanation of changes in the Arab world's social and economic landscape in an age of faster and deeper interdependence Measured and sober in its analysis and challenging in its conclusions it should be read by all those who want to have a better understanding of the Middle East in general and Egypt in particular Amin Saikal The Australian National University *Egypt and the Politics of Change in the Arab Middle East* is a forward looking analysis of the relationship between economic and political reform in Egypt and of the evolving nature of Arab society and political culture both in Egypt and elsewhere Writing from the perspective of a recently retired ambassador with extensive Arab regional experience Robert Bowker discusses the potential impact of systemic resistance to pressures for greater transparency accountability and political reform amid ongoing demographic educational and generational changes His analysis encompasses the military and security services the influence of the shadow state and the impact of social surveillance coercion and corruption Looking

ahead he discusses emerging business models returning Arab expatriates the gradual empowerment of women and the impact of Islam He considers the political sustainability of economic reform including the challenges facing marginalized groups His analysis concludes by reviewing the regional security and political context of reform the importance of political leadership over the coming decade and the role of external parties Compelling insightful and thought provoking the book provid

The Global Competitiveness Report 2008-2009 Klaus Schwab,2008 The Real Issues of the Middle East and the Arab Spring Thomas Andersson,Abdelkader Djeflat,2012-11-15 The wave of protests and populist uprisings in the Middle East has heightened the focus on a volatile region But the emphasis on political issues has obscured underlying issues concerning education infrastructure research innovation entrepreneurship and sustainable economic and social development This volume emerging in the aftermath of a conference and workshop on science and technology in the region presents contributions from a range of experts from the Middle East Europe and the United States to provide fresh new insights and perspectives on the challenges and prospects for regional development in the changing global context of our time The authors explore such topics as the role of information and communication technologies mindset change in support of investment in intangible assets and risk taking how to approach cultural issues institutions and governance collaborations with other regions and benchmarking performance while drawing lessons of relevance for the special local context Ultimately they offer a number of precise policy recommendations and practical insights for creating an enabling environment for capturing economic political and social opportunity

Shifting Geo-Economic Power of the Gulf Bessma Momani,2016-04-01 Bringing together for the first time distinguished Gulf experts to analyse the renewed geo economic prominence of the Gulf states this volume investigates some of the new power brokers in the world economy the oil exporting states of the Gulf The Gulf Cooperation Council s GCC members Bahrain Kuwait Oman Qatar the United Arab Emirates and Saudi Arabia collectively have the largest proven oil reserves in the world and are among the world s largest oil exporting states Gulf Arab states are actively pursuing a variety of foreign investment strategies Some of these investments are being managed by sovereign wealth funds government investment corporations and government controlled companies This renewed geo economic status has received a lot of media attention but there has been a dearth of academic study on what this shift in global economic power means for the international economic system This volume aims to fill this gap with a rigorous scholarly analysis based on primary sources and raw economic data It brings together the expertise of academics who have devoted their career to careful study of the region and of renowned scholars of international political economy

Arab Media Noha Mellor,Khalil Rinnawi,Nabil Dajani,Muhammad I. Ayish,2013-05-20 This book provides a clear and authoritative introduction to the emerging Arab media industries in the context of globalization and its impacts with a focus on publishing press broadcasting cinema and new media Through detailed discussions of the regulation and economics of these industries the authors argue that the political technological and cultural changes on the global media scene have

resulted in the reorganization of the Arab media field They provide striking examples of this through the particular effects on media policies media technology and the content and genres developed for the new generation of media consumers As part of the book s overview of the contemporary characteristics of Arab media the authors outline the development of the role of modern Arab media from a tool of mobilizing the public to a tool of commercial and symbolic profit Overall the volume illustrates how the Arab region represents a unique case where the commercialization and liberalization of selected media industries has gone hand in hand with continuous state intervention and an increasing self censorship Written for students without prior knowledge of the topic Arab Media will be essential reading for all interested in the contemporary global media industries *UNESCO Science Report 2010* Unesco,2010-01-01 Analyses the current state of science around the globe as well the trends that have emerged since the previous report published in 2005

The Islamic World and the West

Christoph Marcinkowski,2009 The Islamic World and the West perhaps no other topic is currently so often present in the headlines of the international media This timely volume which brings together contributions by 14 established Muslim and Western scholars intends to present a somewhat more positive outlook in the currently rather strained relations between the Islamic world and Europe by drawing on shared values and possibilities of cooperation in various fields such as reflected in worldview education economics multiculturalism religious dialogue politics as well as security issues and it shall also contain a historical revaluation of some of those contacts It is the first project within the framework of the recently signed Memorandum of Understanding between Switzerland s University of Fribourg and the Asia Europe Institute AEI in Kuala Lumpur s University of Malaya Malaysia s oldest university Dr Christoph Marcinkowski is an award winning scholar working interdisciplinary in Islamic and Middle Eastern as well as Southeast Asian and Security Studies He is currently Principal Research Fellow and Chairman of the Publications Committee at the International Institute of Advanced Islamic Studies IAIS a Malaysian think tank and concurrently Adjunct Professor at AEI *African Economic Outlook 2012 Promoting Youth Employment* African Development Bank,Organisation for Economic Co-operation and Development,United Nations

Working Women and their Rights in the Workplace Naeima Faraj A.A. Al-Hadad,2016-03-09 This book addresses women s rights to work and motherhood in Libya from a legal and international human rights perspective In an attempt to solve the problem posed by the perception that there is an

unsolvable conflict between the right of women to work and their right to motherhood the author considers how these two sets of rights as protected under international human rights law can and should be recognised and promoted within the Libyan legal system Including first hand accounts of experiences of Libyan women the study voices their struggle for their rights as guaranteed by domestic law international conventions and Islam Providing a rare insight into a region striving to find its new identity the author assesses the adequacy of existing Libyan laws and where warranted offers proposals for legislative amendments to Libyan policy makers and its new Parliament at such a crucial time in the nation s history

Women in Management Worldwide Ronald J Burke,Astrid Richardsen,2016-02-17 Excellent Outstanding and Inspirational were words used to describe the highly acclaimed and award winning first edition of Women in Management Worldwide Edited by two of the world s most eminent researchers into the role of women in work and management their findings from around the world confirmed that the glass ceiling was still firmly in place and there were few women directors or CEOs of large corporations indeed few in any posts at the top level of private sector organizations For the second edition of Women in Management Worldwide Progress and Prospects Professors Davidson and Burke have assembled over 30 experts replete with facts figures and analysis to ensure this expanded and updated edition provides a genuinely cross cultural global assessment of women in management This important book examines what has and has not changed and provides evidence that an understanding of the values norms and cultural issues bearing on the progress or otherwise of women in organizations is becoming ever more necessary There is a looming crisis in organizational leadership with demographic factors and globalization leading to an international talent war Against that background continuing bias against women seeking leadership responsibilities means organizations are failing to develop available talent and when corporations experience economic difficulties the consequences bear disproportionately on women managers With findings from a broader and more representative range of countries the editors have arranged this second edition country by country to enable comparisons of the data both between countries and regions and between past present and likely futures Researchers policy makers legislators and officials needing an understanding of women s status and progress as well as those teaching or studying international cross cultural and human resources management will need to read this book

Entrepreneurship Stefan Kwiatkowski,2017-07-28 Entrepreneurship is the capability to be an entrepreneur Beyond that idea is an ideology that a person s business actions result in industrial growth or technical advances making that person a leader in the economic world The contributors to this latest volume in the Praxiology Series now available in paperback are united in claiming that resourcefulness is a characteristic of people who take effective action and that effectiveness is dependent on good ethical purposes The wide angle definition of entrepreneurship presented in this volume demands that people and organizations engage in more than simple self interest but also display awareness of the prospects for wider growth and advances resulting from their decisions In a period of financial crisis caused by irresponsible behavior by eminent would be entrepreneurs the

significance of this perspective should be evident The editors claim that growth not stagnation advantage not decline are irreversible traits of business activity This is why the very concept of entrepreneurship calls for values and responsibility even more than in the past The contributors develop the idea of entrepreneurship from both theoretical approaches religious and practical or applied perspectives This inter and multidisciplinary approach offers readers a chance to rebuild trust in entrepreneurship
