The Afterlife of the Hollywood Western Pete Falconer, 2020-04-05 This book examines the Western genre in the period since Westerns ceased to be a regular feature of Hollywood filmmaking For most of the 20th Century the Western was a major American genre The production of Westerns decreased in the 1960s and 1970s by the 1980s it was apparent that the genre occupied a less prominent position in popular culture After an extended period as one of the most prolific Hollywood genres the Western entered its afterlife What does it now mean for a Hollywood movie to be a Western and how does this compare to the ways in which the genre has been understood at other points in its history This book considers the conditions in which the Western has found itself since the 1980s the latter day associations that the genre has acquired and the strategies that more recent Westerns have developed in response to their changed context

A History of Hollywood's Outsourcing Debate Camille Johnson-Yale, 2017-05-09 A History of Hollywood's Outsourcing Debate Runaway Production provides a critical history of runaway production from its origins in postwar Hollywood to its present uses in describing a global network of diverse television and film production communities Through extensive archival research Camille Johnson Yale chronicles Hollywood's postwar push for investment in European production markets as a means for supporting the economy of America's wartime allies while also opening industry access to lucrative trade relationships exotic locations and inexpensive skilled labor For Hollywood's studio production labor however the story of runaway production documents the gradual loss of power over the means of television and motion picture production Though the phrase has taken on several meanings over its expansive history it is argued that runaway production has ultimately served as a powerful metaphorical rallying cry for a labor community coming to terms with a globalizing Hollywood industry that increasingly functions as an exportable process and less as a defined industrial place
