Legislative Branch	Executive Branch	Judicial Branch

Thomas Jefferson on the Organization of the U.S. Government

"I like the organization of the government into Legislative, Judiciary and Executive. I like the power given the Legislature to levy taxes, and for the reason solely approve of the greater house being chosen by the people directly. For tho' I think a house chosen by them will be very illly qualified to legislate for the Union, for foreign nations &c., yet this evil does not weigh against the good of preserving inviolate the fundamental principle that the people are not to be taxed but by representatives chosen immediately by themselves."

-Letter from Thomas Jefferson, December

1797

1. Why does Thomas Jefferson think that the members of the House of Representatives should be directly elected by the people?

2. What previous experiences made the Founders believe in a "fundamental principle" that people should be taxed only by those they directly elect?
