The Making of Goddess Durga in Bengal: Art, Heritage and the Public Samir Kumar Das, Bishnupriya Basak, 2021-05-21 This book examines the making of the Goddess Durga both as an art and as part of the intangible heritage of Bengal As the original site of production of unbaked clay idols of the Hindu Goddess Durga and other Gods and Goddesses Kumartuli remains at the centre of such art and heritage The art and heritage of Kumartuli have been facing challenges in a rapidly globalizing world that demands constant redefinition of art with the invasion of market forces and migration of idol makers As such the book includes chapters on the evolution of idols iconographic transformations popular culture and how the public is constituted by the production and consumption of the works of art and heritage and finally the continuous shaping and reshaping of urban imaginaries and contestations over public space It also investigates the caste group of Kumbhakars Kumars or the idol makers reflecting on the complex relation between inherited skill and artistry Further it explores how the social construction of art as art introduces a tangled web of power asymmetries between art and craft between an artist and an artisan and between appreciation and consumption along with their implications for the articulation of market in particular and social relations in general Since little has been written on this heritage hub beyond popular pamphlets documents on town planning and travelogues the book written by authors from various fields opens up cross disciplinary conversations situating itself at the interface between art history sociology of

The Heritage of Our Times Ernst Bloch,2018-03-15 Heritage of Our Times is a brilliant examination of modern culture and its legacy by one of the most important and deeply influential thinkers of the 20th century Bloch argues that the key elements of a genuine cultural tradition are not just to be found in the conveniently closed and neatly labeled ages of the past but also in the open and experimental cultural process of our time One of the most compelling aspects of this work is a contemporary analysis of the rise of Nazism It probes its bogus roots in German history and mythology at the very moment when the ideologies of Blood and Soil and the Blond Beast were actually taking hold of the German people The breadth and depth of Bloch s vision together with the rich diversity of his interest ensure this work a place as one of the key books of the 20th century East Asian Cinema and Cultural Heritage Yau Shuk-ting, Kinnia,2011-10-24 How do East Asian cultural heritages in shape film How are these legacies being revived or even re created by contemporary filmmakers This collection examines the dynamic interactions between East Asian culture heritages and cinemas in mainland China Hong Kong Taiwan Japan and South Korea **The Spiritual Heritage of India** Swami Prabhavananda,2019-04-09 This book first published in 1962 is an analysis of the history of the philosophy of a country that has never distinguished philosophy from religion Indian philosophy is not merely metaphysical speculation but has its foundation in immediate perception This insistence upon immediate perception rather than abstract reasoning is what distinguishes the Indian philosophy of religion from philosophy as Western nations know it
