*The Cuba Experience* Lilian Otten, 2014-12-11 Four friends traveled across Cuba

on their bikes with only a map and their tents It was a journey through a country where time stood still A journey full of special encounters hospitable people bottles of rum and the daily search for food and a place to sleep It was a trip through the rugged and desolate southern coast to Trinidad and the Bay of Pigs where diving is still a real adventure Las Terrazas the heavenly Cayo Levisa and Vinales which are the centers of tobacco cultivation were also on the list These places speak to the imagination and demand to be visited Bustling Havana the city of contrasts could also not be missed Lilian Otten works as a bookkeeper in her everyday life Both in Europe and Asia she has already made several cycling tours with her husband and two friends     The Cuba Review ,1924     Primary Health Care in Cuba Linda M. Whiteford, Laurence G. Branch, 2008 Cuba's primary health care system is a well known and well hidden jewel of global health care It has eradicated malaria and polio and curtailed HIV AIDS and dengue fever This book focuses on the successes of Cuba's preventive primary health care system rather than the deficit     **The Origins of the Cuban Revolution Reconsidered** Samuel Farber, 2007-09-06 Analyzing the crucial period of the Cuban Revolution from 1959 to 1961 Samuel Farber challenges dominant scholarly and popular views of the revolution's sources shape and historical trajectory Unlike many observers who treat Cuba's revolutionary leaders as having merely reacted to U S policies or domestic socioeconomic conditions Farber shows that revolutionary leaders while acting under serious constraints were nevertheless autonomous agents pursuing their own independent ideological visions although not necessarily according to a master plan Exploring how historical conflicts between U S and Cuban interests colored the reactions of both nations leaders after the overthrow of Fulgencio Batista Farber argues that the structure of Cuba's economy and politics in the first half of the twentieth century made the island ripe for radical social and economic change and the ascendant Soviet Union was on hand to provide early assistance Taking advantage of recently declassified U S and Soviet documents as well as biographical and narrative literature from Cuba Farber focuses on three key years to explain how the Cuban rebellion rapidly evolved from a multiclass antidictatorial movement into a full fledged social revolution     **The Cuban Intervention in Angola, 1965-1991** Edward George, 2004-11-23 A new examination of why Cuba a Caribbean country sent half a million of its citizens to fight in Angola in Africa and how a short term intervention escalated into a lengthy war of intervention It clearly details how in January 1965 Cuba formed an alliance with the Angolan MPLA which evolved into the flagship of its global internationalist mission spawning the military intervention of November 1975 culminating in Cuba's spurious victory at Cuito Cuanavale and Cuba's fifteen year occupation of Angola Drawing on interviews with leading protagonists first hand accounts and archive material from Cuba Angola and South Africa this new book dispels the myths of the Cuban intervention revealing that Havana's decision to intervene was not so much an heroic gesture of solidarity but rather a last ditch gamble to avert disaster By examining Cuba's role in the Angolan War in a global context this book demonstrates how the interaction between the many players in Angola shaped and affected Cuba's intervention as it headed towards its controversial conclusion     **Cuba in the World** Cole Blasier, Carmelo

*Culture and the Cuban State* Yvon Grenier, 2017-11-08 *Culture and the Cuban State* examines the politics of culture in communist Cuba It focuses on cultural policy censorship and the political participation of artists writers and academics such as Tania Bruguera Jes s D az Rafael Hern ndez Kcho Reynier Leyva Novo Leonardo Padura and Jos Toirac The cultural field is important for the reproduction of the regime in place given its pretense and ambition to be eternally revolutionary and to lead a genuine cultural revolution Cultural actors must be mobilized and handled with care given their presumed disposition to speak their mind and to cherish their autonomy This book argues that cultural actors also seek recognition by the main for a long time the only sponsor and patron of the art in Cuba the curator state The curator state is also a gatekeeper state arbitrarily and selectively opening and closing the space for public expression and for access to foreign currencies and the global market The time when everything was either mandatory or forbidden is over in Cuba The regime seems to have learned from egregious mistakes that led to a massive exodus of artists writers and academics In a country where things change so everything could stay the same the controlled opening in the cultural field playing on the actors ambition and fear

illuminates a broader phenomenon the evolving rules of the political game in the longest standing dictatorship of the hemisphere
