The Secret of Progress (Classic Reprint) W. Cunningham, 2016-10-16 Excerpt from The Secret of Progress Buckle regarded it as clear that militarism and high intellectual development were not compatible till recently many people were prepared to believe that warfare was alien to the interest of civilised peoples and could only occur among half civilised or backward races But this war has shown that these hopes were vain and that the last result of civilisation was not to render war impossible but to give the means of carrying it out on a vastly extended scale The increase of knowledge and of power over nature and the sense of the benefits of intercourse and inter communication have not sufficed to give us any immunity from war About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Strange and Gaudy Fruit Jeff Nicoll, 2023-05-09 The history of Christianity includes many doctrines adopted and actions taken to meet immediate problems but which had unintended consequences they are bad fruit Matt 7 15 20 The oldest is antisemitism which arose from the competition of the early church with early Judaism It was built into the New Testament and was developed by the church fathers Having learned to dehumanize it was easy to apply the same techniques to other groups the church became complicit with enslavement misogyny and other forms of oppression One response to the bad fruit is to reject religion in the manner of Christopher Hitchens However the dogmas are part of our culture even if in secular form If the roots of marginalization are not understood they cannot be eliminated This work uses a range of critics and defenders of traditional Western Christianity to identify poisonous fruits and detoxify them The critical

voices do not create a consensus Nevertheless a core can be perceived what Erasmus called the few truths Grounded in the religious tradition they can be shared with secular people as a basis for an ethical merciful and respectful society Although the history of Christianity is bloody there are ways to go forward The Athenaeum James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1890 **Isaiah Old and New** Dr. Ben Witherington III, 2017-03-17 Reading the Book of Isaiah in its original context is the crucial prerequisite for reading its citation and use in later interpretation including the New Testament writings argues Ben Witherington III Here he offers pastors teachers and students an accessible commentary to Isaiah as well as a reasoned consideration of how Isaiah was heard and read in early Christianity By reading forward and backward Witherington advances the scholarly discussion of intertextuality and opens a new avenue for biblical theology **The Athenaeum** ,1916
