

A close-up, high-contrast photograph of a woman's face. Her eyes are dark and looking directly at the viewer. Her face is partially hidden by a dark, textured fabric that she is holding up to her chin. The lighting is dramatic, with strong highlights on her eyes and the fabric, and deep shadows elsewhere. The overall mood is mysterious and sensual.

well known holiday songs inextricably linked to the earliest celebrations of a festival suppressed by the Church itself The rowdy and mischievous tone of traditional Christmas has vanished as have the songs that accompanied the festival of drinking gambling fighting feasting and sex Modern participants of Christmas may be either embarrassed or pleased to discover the scandalous roots of a beloved holiday classic Into the Dark Jacqueline Yallop,2023-11-09 Often poetic highly researched and thought provoking New Scientist Gently and thoughtfully enquiring The Spectator Can you remember the first time you encountered true darkness The kind that remains as black and inky whether your eyes are open or closed Where you can't see your hand in front of your face Jacqueline Yallop can It was in an unfamiliar bedroom while holidaying in Yorkshire as a child and ever since then she has been fascinated by the dark by our efforts to capture or avoid it by the meanings we give to it and the way our brains process it Taking a journey into the dark secrets of place body and mind she documents a series of night time walks exploring both the physical realities of darkness and the psychological dark that helps shape our sense of self Exploring our enduring love hate relationship with states of darkness she considers how we attempt to understand and contain the dark and as she comes to terms with her father's deteriorating Alzheimer's she reflects on how our relationship to the dark can change with time and circumstance Darkness captivates baffles and appals us It's a shifty thing of many textures many moods a state of fascination and of horror an absence and a presence solace and threat a beginning and an end Into the Dark is the story of the many darks that fascinate and assail us It faces the darkness full on in all its guises and mysteries celebrating it as a thing of beauty while peering into the void *A Dictionary of Sexual Language and Imagery in Shakespearean and Stuart Literature* Gordon Williams,2001-09-13 Providing an alphabetical listing of sexual language and locution in 16th and 17th century English this book draws especially on the more immediate literary modes the theatre broadside ballads newsbooks and pamphlets The aim is to assist the reader of Shakespearean and Stuart literature to identify metaphors and elucidate meanings and more broadly to chart through illustrative quotation shifting and recurrent linguistic patterns Linguistic habit is closely bound up with the ideas and assumptions of a period and the figurative language of sexuality across this period is highly illuminating of socio cultural change as well as linguistic development Thus the entries offer as much to those concerned with social history and the history of ideas as to the reader of Shakespeare or Dryden **A New Canting Dictionary ,1725** **A New Canting Dictionary: comprehending all the terms, antient and modern, used in the several tribes of gypsies, beggars, shoplifters ... and all other clans of cheats and villains.
