

Welcoming Speech by Conference Chair,

Good Morning,

Distinguished Guests, Speakers, KSEA members, Friends, and Families, All Welcome to UKC 2006!

I am *so pleased to see so many* colleagues, professors, friends and families from the US and Korea, *all in one place* ! The US-Korea Conference provides a very unique opportunity for all of us.

To my knowledge, this is the only Conference where you can meet colleagues from your own specialty area, but you can also reunite with your college physics, chemistry or metallurgy professor. Not only that, you can meet your old high school friends, who are now an aerospace engineer, computer scientist, biochemist, chairman of a large corporation or even a congressman!

The *UKC2006 Organizing Committee members* in the US and Korea have worked extremely hard for the last year to prepare an *outstanding conference*.

We have attempted to replicate the spirit of the original "Symposium" written by Plato, the great Greek philosopher. As a result we have prepared many "symposiums" & "forums" to discuss *the truth and beauty of science, technology and education*, while celebrating *our global friendships*.

Your strong support and active participation have made the *UKC2006 a record-breaking event*. We have exceeded the total number of papers ever presented and the total number of people ever registered. The quality of technical programs is world-class, and the spectrum of topics is very current and broad.

Several new Symposiums were added this year, such as AMT, FST, GE, and MST, all make the technical programming strong and attractive. A few Forums also discuss unique topics such as Education in Science and Engineering, Women's Career Issues, and a joint program by NSF/KOSEF for Young Generation members. KUSCO/KSEA scholarships will also be awarded to students at this Conference.

An impressive roster of distinguished speakers from Korea and the US has been assembled for this Opening ceremony and plenary sessions.

For the first time this year, UKC is completely on-line. We have successfully managed the whole conference with a comprehensive *on-line process* for abstract and paper submission, conference registration, hotel reservation, and other services.

Generous sponsorships from many industrial companies and research organizations from the US and Korea have recognized that the US-Korea Conference is *an important venue* to discuss scientific and technological *collaboration across the Pacific*.

Welcome Speech For Youth Conference
