**Primary Importance** Ann M. Corgill, 2023-10-10 From the first chapter of Ann Marie Corgill's *Of Primary Importance: What's Essential in Teaching Young Writers* you experience the swirling energy, the sights and the sounds of a primary classroom. Forming the heart of the book are detailed units of study on poetry, nonfiction and fiction writing that provide a clear demonstration of the writing workshop process at work throughout a school year. You'll also find examples of favorite texts for teaching various craft components, ideas for classroom organization and where to purchase materials, suggestions for publishing student work, lists of professional resources and most importantly, inspiring examples of what children who are empowered to write can and will write. *Of Primary Importance* is not a how-to manual as much as it is a celebration of the idiosyncratic journey of teaching young children to write. If you are a grade one through grade three teacher struggling to get your students writing well, if you want to push your writing workshop to new dimensions or if you are just plain skeptical that primary kids can write something beyond "I love my mom, I love my dog," the end of this book is for you. You will come away inspired, challenged, supported and wiser in your classroom writing instruction. [Children's Book-a-Day Almanac](#) Anita Silvey, 2012-10-30 An expert on children's literature provides a worthwhile resource for teachers, librarians and parents. Always informative and often surprising, celebrate a year of literature for children with The Children's Book a Day Almanac. This has solid possibilities as a springboard for daily reading and writing activities in the classroom or as simply a book-focused way to start the day. Bulletin of the Center for Children's Books. **The Kindness Curriculum** Judith Anne Rice, 2013-06-15 Bullying is a widespread and concerning issue that affects children of all ages. Focusing on character education in the early years, this resource aims to prevent bullying before it starts. Educators can use this comprehensive framework and developmentally appropriate activities to teach young children compassion, conflict resolution, respect and other positive pro-social values as they cultivate a peaceful and supportive learning environment for all children. Judith Anne Rice is a keynote speaker specializing in character building. She is the author of several books and an early childhood family education teacher. [That's a Great Answer!](#) Nancy N.
