**The God Who Believes** Christian D. Kettler, 2005-09-01 How does one deal with doubt Are faith and doubt irreconcilable Does one's understanding of God affect the answers to these questions Christian Kettler investigates these questions from a christological perspective drawing implications from the Scottish theologian T F Torrance and his doctrine of the vicarious humanity of Christ If we take the humanity of Christ seriously should we not speak of the faith of Jesus as a vicarious faith believing for us and in our place when it is difficult if not impossible to believe How Christians know God Jesus Knows God for Us and in Our Place who God is Who is the God Whom Jesus Knows and how to believe in God in a world of suffering and evil Providence Evil Suffering and the God Who Believes receive new insight in light of this christological exploration Wendell Berry's poignant novel of a humble country barber Jayber Crow adds an incarnational context to a discussion with important pastoral and existential dimensions In the vicarious faith of Christ we are not left as James Torrance cautions us to be thrown back upon ourselves but called to participate by the Spirit in the faith of Jesus

*Spreading and Abiding Hope* Jacob Shatzer, 2015-10-13 Every tradition has its surprising voices its thinkers who look at things slightly differently than most Evangelicalism is no exception Many surprising evangelical voices end up being embarrassments of one sort or another everyone can choose their favorite example of this phenomenon Rather than seeking to expose these sorts of negative surprises this book explores the surprising voice of the late evangelical theologian A J Conyers Conyers's political theology is a resource for a robust evangelical theopolitical imagination By learning from Conyers evangelicals can overcome common weaknesses and engage in a more thoroughly Christian biblical and evangelical approach to the modern world and its various institutions and challenges Conyers speaks beyond evangelicalism as well His vision of the modern world including its development and major challenges provides insight into contemporary political theology His work on the nation state free market capitalism and the notions of toleration and vocation speaks into and advances important debates Thus Conyers's evangelical political theology provides both the evangelical tradition itself as well as political theology as a broader discipline with a compelling and challenging vision

Dickerson, 2016-07-29 Are humans just complex biochemical machines mere physical parts of a causally closed materialist universe Are we approaching the so called Singularity when human consciousness can and will be downloaded into computers Or is there more to the human person something that might be known as soul or spirit As this book makes clear the answers to these questions have profound implications to topics such as heroism creativity ecology and the possibility of reason and science In exploring this important topic Dickerson engages the ideas of some well known twentieth and twenty first century espousers of physicalism including philosopher Daniel Dennett Consciousness Explained biologist Richard Dawkins The God Delusion futurist engineer Raymond Kurzweil The Age of Spiritual Machines psychologist B F Skinner Beyond Freedom and Dignity and mathematician philosopher Bertrand Russell Why I Am Not a Christian Through a careful reading of their works Dickerson not only provides a five fold critique of physicalism but also offers a Christian alternative in the form of integrative dualism which affirms the existence of both a physical and spiritual reality without diminishing the goodness or importance of either and acknowledges that humans are spiritual as well as bodily persons
