West Journey Across The Plains:

West David Larson, 2013-08-22 2014 Peacemaker Award Finalist for Best Western Novel Sarah Jennings a blond and pretty 17 year old is traveling West with her family from Pittsburgh to San Francisco in 1849 She is left behind in Independence Missouri the start of the Oregon Trail because as her father Johnathan writes in his journal on May 19 1849 A savage fever came upon Sarah yesterday and she slipped into darkness as we readied to depart Doctors told us she will surely perish And if we stay we may fall prey to the same illness If we linger longer we will forgo our journey west I have left behind sums of money for her final caring and resting All I can do now is send word to her caretakers at each post In 1849 over 30 000 pioneers headed West across America to California another 20 000 by sea These pioneers came in droves for the promise of gold and from every crevice of society farmers blacksmiths immigrants teachers thieves and soldiers lone fortune seekers businessmen and vagabond families all unprepared and unknowing Less than half arrived Too many perished from starvation disease or at the hands of others The remainder turned aside broken miles of regret crushing their hearts their descendants forever severed from their will to discover So begins the story of WEST Journey Across the Plains It s a tale of a family separated by 2 000 miles of unrelenting hardships and it is told solely through found journal entries and letters Miraculously Sarah recovers three months later and there she begins her own journal With no counsel from my family and to carry on I borrowed sums from a Madam Floret and was signed into her servitude I have no learning of these things I am alone and dismayed to my deepest being By my last count 46 men have entered my body I did not understand such things could be done to a woman Though 1 000 miles apart now the journal entries from both Johnathan Jennings and Sarah Jennings are carefully woven together Their lives heartaches and triumphs spill forth on the pages with Sarah struggling through the horror of her life and the rest of her family mother brother Simon at 15 twin sisters Rebecca and Deborah at 9 as they plod their way West The resounding hope of WEST is that their journals will finally be brought together and hopefully what remains of their family

Hard Road West Keith Heyer Meldahl, 2020-03-04 The dramatic journeys of the 19th century Gold Rush come to life in this geologist s tour of the American West and the events that shaped the land In 1848 news of the discovery of gold in California triggered an enormous wave of emigration toward the Pacific The dramatic terrain these settlers crossed is so familiar to us now that it is hard to imagine how frightening even godforsaken its sheer rock faces and barren deserts once seemed to them Hard Road West brings their perspective vividly to life weaving together the epic overland journey of the covered wagon trains and the compelling story of

the landscape they encountered Taking readers along the 2 000 mile California Trail Keith Meldahl uses settler s diaries and letters as well as his own experiences on the trail to reveal how the geology and geography of the West shaped our nation s westward expansion He guides us through a landscape of sawtooth mountains following the meager streams that served as lifelines through an arid land all the way to California itself where colliding tectonic plates created breathtaking scenery and planted the gold that lured travelers west in the first place Alternates seamlessly between vivid accounts of the 19th century journey and lucid explanations of the geological events that shaped the landscape traveled Library Journal *The Frontier Army in the Settlement of the West* Michael L.
