A Lady of Quality Frances Hodgson Burnett Frances Burnett,2016-11-14 A Lady of

Quality first published in 1896 is one of Frances Hodgson Burnett's novels for adults and treads a completely different path to her famous work *The Secret Garden*. It tells the story of Clorinda Wildairs and is set in the 1600s. Her mother dies giving birth to her and her father has no interest in his three daughters. He lives a life of debauchery while his youngest daughter picks up some interesting habits in the stables. When he comes across the child and sees her riding his favourite horse, he takes a fancy to her. For a few years she is the renowned companion of drunkards until she transforms herself to catch a husband. One is particularly taken with her but her refusal has reverberations through the years. I have to say I struggled with this one. The heroine is too changeable. She goes from being the companion of a bunch of old men to being the prize debutante to being a perfect wife. There are a lot of changes in her character the reader's meant to accept just because she's stunningly beautiful and wondrous and everyone loves her as we are told on numerous occasions. Frequently I felt as if I was actually reading a novel. The handiwork was evident and it was jarring. Two thirds in the book suddenly becomes interesting with an unexpected event that I expected to throw the heroine into turmoil. It didn't and her life continued pretty much in the same vein. I felt cheated by the ending and more than a little irate at the time I'd wasted with Clorinda. Far more interesting though was her sister Anne who is meek and mild and knows everything Clorinda does. For me Anne is the actual lady of quality and not her beautiful fabulous sister. This book suffered from a lack of direction and the ability of the author to immerse herself so much in the heroine at the cost of believability. Not a great read by any stretch of the imagination.

Haworth's (1879). By: Frances Hodgson Burnett (Original Version) Frances Hodgson Burnett, 2016-10-05 Frances Eliza Hodgson Burnett 24 November 1849 29 October 1924 was an English American novelist and playwright. She is best known for the three children's novels *Little Lord Fauntleroy* published in 1885 1886 *A Little Princess* 1905 and *The Secret Garden* 1911. Frances Eliza Hodgson was born in Cheetham, England. After her father died in 1852 the family fell on straitened circumstances and in 1865 immigrated to the United States settling near Knoxville, Tennessee. There Frances began writing to help earn money for the family publishing stories in magazines from the age of 19. In 1870 her mother died and in 1872 Frances married Swan Burnett who became a medical doctor. The Burnetts lived for two years in Paris where their two sons were born before returning to the United States to live in Washington, D.C. Burnett then began to write novels the first of which *That Lass o' Lowrie's* was published to good reviews. *Little Lord Fauntleroy* was published in 1886 and made her a popular writer of children's fiction although her romantic adult novels written in the 1890s were also popular. She wrote and helped to produce stage versions of *Little Lord Fauntleroy* and *A Little Princess*. Burnett enjoyed socializing and lived a lavish lifestyle. Beginning in the 1880s she began to travel to England frequently and in the 1890s bought a home there where she wrote *The Secret Garden*. Her oldest son Lionel died of tuberculosis in 1890 which caused a relapse of the depression she had struggled with for much of her life. She divorced Swan Burnett in 1898 married Stephen Townsend in 1900 and divorced him in 1902. A few years later she settled in Nassau County, Long Island where she died in 1924 and is buried in Roslyn Cemetery.

In 1936 a memorial sculpture by Bessie Potter Vonnoh was erected in her honour in Central Park's Conservatory Garden. The statue depicts her two famous Secret Garden characters Mary and Dickon.

The Dawn of a Tomorrow Frances Hodgson Burnett, 2008-01-01 Frances Hodgson Burnett 1849-1924 was an English American playwright and author. She is best known for her children's stories *The Secret Garden*, *A Little Princess*, and *Little Lord Fauntleroy*. After her father's death in 1854, her family lived in poverty in the Victorian slums of Manchester. After moving to Tennessee, her mother died in 1867, which made Frances the sole support of the younger children. It was at this point that she began to write. The story begins: There are always two ways of looking at a thing; frequently there are six or seven, but two ways of looking at a London fog are quite enough. When it is thick and yellow in the streets and stings a man's throat and lungs as he breathes it, an awakening in the early morning is either an unearthly and gruesome or a mysteriously enclosing, secluding and comfortable thing. If on awakening in a healthy body and with a clear brain rested by normal sleep and retaining memories of a normally agreeable yesterday, one may lie watching the housemaid building the fire and after she has swept the hearth and put things in order, lie watching the flames of the blazing and crackling wood catch the coals and set them blazing also, and dancing merrily and filling corners with a glow, and in so lying and realizing that leaping light and warmth and a soft bed are good things, one may turn over on one's back, stretching arms and legs luxuriously, drawing deep breaths and smiling at a knowledge of the fog outside which makes half past eight o'clock on a December morning as dark as twelve o'clock on a December night.

The Shuttle Frances Hodgson Burnett, 2022-07-20 Frances Hodgson Burnett's *The Shuttle* is a compelling exploration of cultural contrasts and female agency set against the backdrop of early 20th-century society. This novel, characterized by its richly drawn characters and vivid prose, oscillates between the privileged life in America and the complexities of England's aristocracy. Through the lens of the protagonist, Rosalie Burnett, it delves into themes of identity, resilience, and the power dynamics within marriage, making the text both a critique of societal norms and a celebration of women's independence in a rapidly changing world. Frances Hodgson Burnett, renowned for her classic children's literature such as *The Secret Garden*, drew upon her own experiences as an immigrant and her keen observations of social class disparities throughout her life. Her ability to weave intricate narratives about women seeking autonomy is further amplified in *The Shuttle*, reflecting her lifelong advocacy for women's rights and social reform during a time when such perspectives were often marginalized. Burnett's personal journey undoubtedly informs her portrayal of characters grappling with societal constraints. This novel is highly recommended for readers interested in the interplay between feminism and society as viewed through a historical lens. Burnett's deft storytelling and keen insights make *The Shuttle* not only an engaging read but also a significant commentary on the era's challenges, offering valuable perspectives on the evolution of women's roles that resonate even today.
