

Dear Parents,

I trust that you had a good summer and I would like to welcome you back to our new academic year 2013-2014. I have always been enthusiastic about the beginning of school. Even as a child the start of the school year meant new things, like new uniforms, new stationery, a new classroom, new teachers, meeting new students as well as connecting back with old friends. This is a great time to start with a new outlook. Remind your children about their accomplishments last year, and if they did not do as well last year, talk to them and discuss how they can start afresh and do things differently this year.

This year we will be introducing a new character development program at AAM called Bucket Filling. It teaches children the concept that giving not only helps the receiver but the mere act of giving also benefits the giver. So we encourage you to be a part of this program by practicing filling their buckets as well as your own at home too.

I will be meeting with all new students individually and in small groups based on grade level once a week, during Lunch, in September. Starting in October, I will be going into all KG2 – 6th Grade classrooms for Guidance lessons once every month. The focus of the sessions will be on respect, responsibility, friendship, and bullying prevention. The lessons will be tailored based on the needs of the students.

I will also be conducting Small Counseling Groups on topics such as Friendship Building, Self – Esteem, Anger Management, and Social Skills. Each group will meet in my office, once a week, during Lunch. The group will meet for a total of 8 weeks. Any staff or parent can refer a student they feel could benefit from small group counseling by emailing me at dordhani@americanacademy.ae. If a student is in need of additional counseling services outside of the school environment, referrals can be made. Individual counseling can begin at any time during the year and you will be informed in case your child is referred for Individual counseling.

Please feel free to contact me via email in case you have any questions or concerns or if you would like to set up an appointment. I work part time from 8am – 1pm Sun – Wed. I look forward to working with you and your child's teacher to create a positive and supportive environment for your child at school as well as home.

Thank you for your support.

Sincerely,

Dia Odhrani

interventions are critical elements of providing responsive services within the context of comprehensive school counseling programs. However, many school counselors are not trained in the use of play therapy techniques during their graduate training programs as Play Therapy is not a required course based on standards set by the Council for Accreditation of Counseling and Related Education Programs (CACREP 2009). Indeed, while there are over 400 school counseling programs in the U.S., there are only 11 certified play therapy training centers. Even more critically, school counselors may not know which play therapy approaches and interventions are evidenced based for specific childhood concerns, e.g., selective mutism, social skills deficits, parent deployment. Play therapy is a structured, theoretically based approach to counseling that builds on the normal communicative and learning processes of children as they may not have developed the complexities of language to accurately express their concerns (Carmichael 2006, Gil 1991, Landreth 2002, O'Connor). Yet many school counselors are unprepared to provide these vital resources. The focus of this book is on various play techniques and the application of various play therapy theories, i.e., Child Centered Play Therapy, Solution Focused Play Therapy, Cognitive Behavioral Play Therapy, within comprehensive school counseling programs addressing various childhood concerns, prevention, and intervention. Each chapter offers vignettes, a literature review of a specific childhood concern, e.g., homelessness, separation anxiety, pragmatic interventions for the school environment, and a case study to demonstrate application of techniques.
