

## WESTRIDGE SCHOOL

### Convocation 2014 Head of School Welcome Address

#### Our Core Values

Girls – this morning, and throughout the school year, you are going to hear about, talk about, and reflect on the meaning of integrity, respect, responsibility and inclusion. From interacting with you as you have brought your passion and energy back to school over the past few days, I know that many of you have already started to think about these four guiding principles that we should strive to uphold in all that we do. They are fundamental beliefs that will continue to define us and provide a strong sense of who we are as a community.

Where have these four values of integrity, respect, responsibility and inclusion come from? They have been a part of the fabric of Westridge for many years. They appear in the words we have written about ourselves, and in conversations about who we are and who we aspire to be. They are reflected in decisions we have made and actions that have been taken. They are values that should lift us up and bring us together.

And as we enter our second century and reflect on where we wish to go, the time seems right to reaffirm and recommit to these values that can be at the heart of all that we stand for – our core values.

Collectively, we also need to define what these values mean to us and to consider how they can guide our everyday thoughts and actions, and provide the framework within which we can wrestle with difficult decisions and hold ourselves accountable.

I always try to break things into “memory chunks” and to think of examples or stories to illustrate my thinking. So let me share with you some of the ways that I remember these core values and understand what they look like.

There are four core values. If you think of the Westridge “W” – you could write one value along each of the four diagonal lines that make up the letter.

Two of the values start with I; two with R.

As I think about the values, I like to start from what I call the “inside out” – starting with integrity, as it is very personal and introspective, then moving on to respect and responsibility, and ending with inclusion – a value that focuses on bringing everyone together. So for me, arranging the letters in “I-R-R-I” order makes the most sense.

## Welcome Speech School Open House:

Personal Narratives of Teacher Knowledge Betty C. Eng, 2022-01-01 This book illustrates how the experiential histories of teachers shape and inform the knowledge of teachers as professionals. Situating personal experiences into the context of social, political, and economic events gives clarity to the intercultural dynamics of being Chinese and Western. What can we learn from each other to transform our teaching and learning? The book engages in a cross-cultural perspective that is highly relevant for teachers, teacher education, curriculum making, and policy planning for a global community. The book is also an invitation to internationalize the classroom for teaching and learning in a diverse and global world and to educators and policy makers to expand our understanding of cross-cultural complexities for an increasingly diversified and global community. By viewing the classroom through the multiple lenses of different cultures, educators have an opportunity to cross over to see experience and understand how others live.

**The Communicating Principal** Trinette Marquis, Natalie A. Nash, 2021-12-08 The demand for effective communication and marketing at the campus level has never been more urgent, and yet most administrators come into the role with little public relations expertise or background. Schools must navigate incredibly complex societal issues while they compete for students, engage families, and inspire staff and community members to give their best efforts and support. *The Communicating Principal: Practical Strategies for School Leaders* provides real-world stories, best practice guidelines, and practical communication checklists designed to help school leaders better understand their community and bring them in to co-create a vision for positive transformation. From social media and websites to crisis and internal messaging, this book shares systems and supports that make communicating easier and more effective. Every topic is covered from the lens of a principal: what you need, how it can be done quickly and inexpensively, and how to measure success so that it can be shared and replicated. Not every school or district can afford a communication professional. *The Communicating Principal* is the next best thing.

**Becoming Dr Jones** Dr Rhys Jones, 2023-08-03 Rhys Jones was brought up on a council estate in South Wales where expectations for what life held in store for you were slim, and the factor beckoned. As he recalls, he was born fighting and never stopped. His perspective on what life could offer him changed forever in the early 1980s when his grandfather took him to the local cinema to see Stephen Spielberg's blockbuster *Raiders of the Lost Ark*. The dream of emulating his hero, Indiana Jones, and travelling to the farthest reaches of the planet to explore exotic locations and its wildlife, now burned deep inside him. As he progressed at school, this passion to escape and explore was further kindled through the pages of an old natural history encyclopaedia given to him by his grandmother. Devouring the pages, the encyclopaedia would help craft his chosen path in life. Like his hero and namesake, Indiana Jones, Rhys's journey has now taken him to all corners of the globe, with friends and colleagues at every port, from the Australian outback to the furthest outpost of the Maasai tribe in Eastern Africa. In *Becoming Dr Jones*, Rhys will take the reader on an inspiring journey through his life. One filled with highs, lows, humour, and poignancy, as well as reverent insights into some of
