The Complete Idiot's Guide to Great Customer Service

Donald W. Blohowiak,1997 Describes how to create a service oriented organization including training customer service representatives soothing angry customers and understanding employee and customer motivation **Customer Service**

Delivery in Africa Robert Ebo Hinson,Esi Akyere Mensah,Doreen Anyamesem Odame,2024-02-26 Customer service management is one of the key pillars of today s business environment Businesses operating in sub Saharan Africa and other frontier markets have begun to embrace the concept of customer service management with many incorporating the notion into their mission statements with many forward thinking companies transitioning from a transactional to a more strategic view of the customer As customers have evolved and transformed from passive audiences to active players businesses are moving away from the old industry model that sees value as created from goods and services to a new model where value is created by experiences Today businesses and customers create value through customised co produced offerings This co creation of value helps firms highlight the customer s or consumer s point of view and improve the front end process of identifying customers needs Given the increasing recognition of the customer as a co creator of value perceptions of customer service quality during COVID 19 and afterwards matter to businesses in Africa looking to thrive in a new post COVID era since customers increasingly face several choices in the bid to access consumer products and services This book consists of seven chapters beginning with an overview detailing the importance of customer service matters to Africa s development and ending with a discussion of the future directions for enhanced customer service delivery in Africa Each chapter in this book includes actual customer service and delivery practices from various countries on the African continent including Egypt Ghana and South Africa and uncovers the challenges successes and potential areas for improvement in delivering quality customer service Effects of the Proposed Arrangement Between DHL and UPS on Competition,
