Urban Revolution Now Dr Lukasz Stanek, Dr Ákos Moravánszky, Dr Christian Schmid, 2014-11-28 This volume is the first to develop Lefebvre's concepts in social research and architecture by focusing on urban conjunctures in Bangladesh Bosnia and Herzegovina Brazil Denmark France Germany Hong Kong Hungary Mexico Poland Serbia Spain Switzerland United Kingdom and United States With contributions by historians and theorists of architecture and urbanism geographers sociologists political and cultural scientists this book reveals the multiplicity of processes of urbanization and the variety of their patterns and actors around the globe

Urban Revolution Now Christian Schmid, 2016-12-05 When Henri Lefebvre published *The Urban Revolution* in 1970 he sketched a research itinerary on the emerging tendency towards planetary urbanization Today when this tendency has become reality Lefebvre's ideas on everyday life production of space rhythm analysis and the right to the city are indispensable for the understanding of urbanization processes at every scale of social practice This volume is the first to develop Lefebvre's concepts in social research and architecture by focusing on urban conjunctures in Barcelona Belgrade Berlin Budapest Copenhagen Dhaka Hong Kong London New Orleans Nowa Huta Paris Toronto São Paulo Sarajevo as well as in Mexico and Switzerland With contributions by historians and theorists of architecture and urbanism geographers sociologists political and cultural scientists *Urban Revolution Now* reveals the multiplicity of processes of urbanization and the variety of their patterns and actors around the globe

The Routledge Handbook of Henri Lefebvre, The City and Urban Society Michael E. Leary-Owhin, John P. McCarthy, 2019-11-21 The Routledge Handbook of Henri Lefebvre *The City and Urban Society* is the first edited book to focus on Lefebvre's urban theories and ideas from a global perspective making use of recent theoretical and empirical developments with contributions from eminent as well as emergent global scholars The book provides international comparison of Lefebvrian research and theoretical conjecture and aims to engage with and critique Lefebvre's ideas in the context of contemporary urban social and environmental upheavals to use Lefebvre's spatial triad as a research tool as well as a point of departure for the adoption of ideas such as differential space to reassess Lefebvre's ideas in relation to nature and global environmental sustainability and to highlight how a Lefebvrian approach might assist in mobilising resistance to the excesses of globalised neoliberal urbanism The volume draws inspiration from Lefebvre's key texts *The Production of Space Critique of Everyday Life* and *The Urban Revolution* and includes a comprehensive introduction and concluding chapter by the editors The conclusions highlight implications in relation to increasing spatial inequalities increasing diversity of needs including those of migrants more authoritarian approaches and asymmetries of access to urban space Above all the book illustrates the continuing relevance of Lefebvre's ideas for contemporary urban issues and shows via global case studies how resistance to spatial domination by powerful interests might be achieved The Handbook helps the reader navigate the complex terrain of spatial research inspired by Lefebvre In particular the Handbook focuses on the series of struggles globally for the right to the city

and the collision of debates around the urban age cityism and planetary urbanisation It will be a guide for graduate and advanced undergraduate teaching and a key reference for academics in the fields of Human Geography Sociology Political Science Applied Philosophy Planning Urban Theory and Urban Studies Practitioners and activists in the field will also find the book of relevance Perspectives on Henri Lefebvre Jenny Bauer,Robert Fischer,2018-12-03 The articles take a decidedly interdisciplinary look at the opus of the French philosopher sociologist and pioneer of spatial analysis Henri Lefebvre 1901 1991 His works are reflected upon from theoretical and practical perspectives by authors from various fields literature history philosophy sociology ethnology closely examining text references from Lefebvre **Henri Lefebvre and the Theory of the Production of Space** Christian Schmid,2022-11-29 Shortlisted for the Deutscher Memorial Prize 2023 This book presents an encompassing detailed and thorough overview and reconstruction of Lefebvre s theory of space and of the urban Henri Lefebvre belongs to the generation of the great French intellectuals and philosophers together with his contemporaries Michel Foucault and Jean Paul Sartre His theory has experienced a remarkable revival over the last two decades and is discussed and applied today in many disciplines in humanities and social sciences particularly in urban studies geography urban sociology urban anthropology architecture and planning Lefebvre together with David Harvey is one of the leading and most read theoreticians in these fields This book explains in an accessible way the theoretical and epistemological context of this work in French philosophy and in the German dialectic Hegel Marx and Nietzsche and reconstructs in detail the historical development of its different elements It also gives an overview on the receptions of Lefebvre and discusses a wide range of applications of this theory in many research fields such as urban and regional development urbanization urbanity social space and everyday life The SAGE Handbook of the 21st Century City Suzanne Hall,Ricky Burdett,2017-10-16 The SAGE Handbook of the 21st Century City focuses on the dynamics and disruptions of the contemporary city in relation to capricious processes of global urbanisation mutation and resistance An international range of scholars engage with emerging urban conditions and inequalities in experimental ways speaking to new ideas of what constitutes the urban highlighting empirical explorations and expanding on contributions to policy and design The handbook is organised around nine key themes through which familiar analytic categories of race gender and class as well as binaries such as the urban rural are readdressed These thematic sections together capture the volatile processes and intricacies of urbanisation that reveal the turbulent nature of our early twenty first century Hierarchy Elites and Evictions Productivity Over investment and Abandonment Authority Governance and Mobilisations Volatility Disruption and Adaptation Conflict Vulnerability and Insurgency Provisionality Infrastructure and Incrementalism Mobility Re bordering and De bordering Civility Contestation and Encounter Design Speculation and Imagination This is a provocative inter disciplinary handbook for all academics and researchers interested in contemporary urban studies **Marxism and Real Estate Development** Julian Roche,2023-09-01 This book straddles two worlds and attempts to bring them together that of Lefebvre s Marxism on

the one hand and that of real estate development on the other Lefebvre has now become a household name amongst many contemporary Marxists especially those with an interest in urban planning and certain quarters of the architectural profession however his work is far less well known by real estate professionals whether investors developers brokers or indeed policymakers Marxism and Real Estate Taking Lefebvre Seriously has both a large scope and a very bold aim to use an explication and analysis of the work of Henri Lefebvre not only to present a critique of development but also to draw these two worlds together It therefore first aims to present the arguments of this increasingly well known French Marxist philosopher sociologist and pioneer of urban studies second to situate contemporary real estate development in the light of Lefebvre s work and third to analyse the potential application of Lefebvre s work to each of the major components of contemporary real estate to use Lefebvre s work in order to recommend practical action for developers working alongside planners and architects to influence the future of global real estate As well as its direction at developers themselves this book should be of interest to economists real estate researchers and professionals planners urban studies scholars and of course to those interested in the application of Lefebvre s work to real estate

Research Culture in Architecture Cornelie Leopold, Christopher Robeller, Ulrike Weber, 2019-12-16 Research in and on architecture is as complex as the discipline itself with its different specialist fields and therefore the results often remain unconnected Research Culture in Architecture combines digital and analog research issues and demonstrates how important cross disciplinary cooperation in architecture is today The complexity and increasing specialization are elaborated on in the various chapters and then linked to the core of architecture i e design Scientists from the theoretical and practical fields present research results in the following subjects design methodology architectural space perception and the human body analog and digital timber construction visualization robotics architectural practice and research and sustainability

Everyday Life and Urban Studies Sabine Knierbein, 2025-10-13 Everyday Life and Urban Studies revisits the ordinary routines that shape urban life during the crises ridden last century and early new millennium Vast parts of Henri Lefebvre s intellectual work on everyday life however remain underappreciated in urban studies This book seeks to re integrate Lefebvre s Critique of Everyday Life into studies of urbanization Starting in the 1920s the book realigns historical insights with contemporary urban phenomena to uncover patterns of capitalist urbanization By showing the relevance of grasping the minutiae of everyday life to understanding cities the urban and urbanization today everyday life space and philosophy are brought back in tension This work combines analytical methodological exploration pedagogic mission and theoretical advances to carve out an everyday theory based approach to urban studies situated at the interface of the spatial arts the humanities and the social sciences This book examines the transformative potential that lies hidden in everyday life thereby unravelling a way to nurture hope amid unsettled urban conditions The book is essential for students faculty and researchers in the fields of urban studies city planning urban design human geography sociology cultural studies and political science

Urban Revolutions Stefan Kipfer, 2022-09-19 What do struggles over pipelines in Canada housing estates in France and shantytowns in Martinique have in common In Urban Revolutions Stefan Kipfer shows how these struggles force us to understand the neo colonial aspects of capitalist urbanization in a comparatively and historically nuanced fashion In so doing he demonstrates that urban research

can offer a rich if uneven terrain upon which to develop the relationship between Marxist and anti colonial intellectual traditions After a detailed dialogue between Henri Lefebvre and Frantz Fanon Kipfer engages creole literature in the French Antilles Indigenous radicalism in North America and political anti racism in mainland France *New Urban Spaces* Neil Brenner,2019-05-24 In *New Urban Spaces* Neil Brenner proposes a radical reconceptualization of inherited approaches to urbanization Rather than focusing on cities as bounded units urbanization is conceived here as multiscalar Drawing on the methods of critical geopolitical economy especially the writings of Henri Lefebvre Brenner systematically elaborates this multiscalar conceptualization of the capitalist urban fabric in order to investigate emergent patterns and pathways of urban restructuring

Exploring the Production of Urban Space Michael Edema Leary-Owhin,2016-02-26 This important book engages critically with Lefebvre s spatial theories and challenges recent thinking about the nature of urban space Research in three iconic post industrial cities in the UK and North America explains how urban public spaces including differential space are socially produced

Routledge Handbook of Critical International Relations Jenny Edkins,2019-03-11 Critical international relations is both firmly established and rapidly expanding and this Handbook offers a wide ranging survey of contemporary research It affords insights into exciting developments more challenging issues and less prominent topics examining debates around questions of imperialism race gender ethics and aesthetics and offering both an overview of the existing state of critical international politics and an agenda setting collection that highlights emerging areas and fosters future research Sections cover critique and the discipline relations beyond humanity art and narrative war religion and security otherness and diplomacy spaces and times resistance and embodiment and intimacy An international group of expert scholars whose contributions are commissioned for the volume provide chapters that facilitate teaching at advanced undergraduate and postgraduate level inspire new generations of researchers in the field and promote collaboration cross fertilisation and inspiration across sub fields often treated separately such as feminism postcolonialism and poststructuralism The volume sees these strands as complementary not contradictory and emphasises their shared political goals shared theoretical resources and complementary empirical practices Each chapter offers specific focused in depth analysis that complements and exemplifies the broader coverage making this Routledge Handbook of Critical International Relations essential reading for all students and scholars of international relations

[The Routledge Handbook of Architecture, Urban Space and Politics, Volume II](#) Nikolina Bobic,Farzaneh Haghighi,2024-11-22 Architecture and the urban are connected to challenges around violence security race and ideology spectacle and data The first volume of this handbook extensively explored these oppressive roles This second volume illustrates that escaping the corporatized and bureaucratized orders of power techno managerial and consumer oriented capitalist economic models is more urgent and necessary than ever before Herein lies the political role of architecture and urban space including the ways through which they can be transformed and alternative political realities constituted The volume explores the methods and spatial practices required to activate the

political dimension and the possibility for alternative practices to operate in the existing oppressive systems while not being swallowed by these structures. Fostering new political consciousness is explored in terms of the following themes: Events and Dissidence, Biopolitics, Ethics and Desire, Climate and Ecology, Urban Commons and Social Participation, Marginalities and Postcolonialism. Volume II embraces engagement across disciplines and offers a wide range of projects and critical analyses across the so-called Global North and South. This multidisciplinary collection of 36 chapters provides the reader with an extensive resource of case studies and ways of thinking for architecture and urban space to become more emancipatory. Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license.

Skateboarding and the City Iain Borden, 2019-02-21. Skateboarding is both a sport and a way of life. Creative, physical, graphic, urban, and controversial, it is full of contradictions: a billion-dollar global industry which still retains its vibrant counter-cultural heart. *Skateboarding and the City* presents the only complete history of the sport, exploring the story of skate culture from the surf beaches of 60s California to the latest developments in street skating today. Written by a life-long skater who also happens to be an architectural historian and packed through with full-colour images of skaters, boards, moves, graphics, and film stills, this passionate, readable, and rigorously researched book explores the history of skateboarding and reveals a vivid understanding of how skateboarders through their actions experience the city and its architecture in a unique way.

Critique of Urbanization Neil Brenner, 2016-12-05. Urbanization is transforming the planet within and beyond cities at all spatial scales. In this book, Neil Brenner mobilizes the tools of critical urban theory to deconstruct some of the dominant urban discourses of our time which naturalize and thus depoliticize the enclosures, exclusions, injustices, and irrationalities of neoliberal urbanism. In so doing, Brenner advocates a constant reinvention of the framing categories, methods, and assumptions of critical urban theory in relation to the rapidly mutating geographies of capitalist urbanization. Only a theory that is dynamic, which is constantly being transformed in relation to the restlessly evolving social worlds and territorial landscapes it aspires to grasp, can be a genuinely critical theory.
