[Back to the Blanket](#) Kimberly G. Wieser, 2017-11-16 For thousands of years American Indian cultures have recorded their truths in the narratives and metaphors of oral tradition Stories languages and artifacts such as glyphs and drawings all carry Indigenous knowledge directly contributing to

American Indian rhetorical structures that have proven resistant and sometimes antithetical to Western academic discourse. It is this tradition that Kimberly G Wieser seeks to restore in *Back to the Blanket* as she explores the rich possibilities that Native notions of relatedness offer for understanding American Indian knowledge arguments and perspectives. *Back to the Blanket* analyzes a wide array of American Indian rhetorical traditions then applies them in close readings of writings, speeches and other forms of communication by historical and present day figures. Wieser turns this pathbreaking approach to modes of thinking found in the oratory of eighteenth century Mohegan and Presbyterian cleric Samson Occom, visual communication in Laguna Pueblo author Leslie Marmon Silko's *Almanac of the Dead*, patterns of honesty and manipulation in the speeches of former president George W. Bush and rhetorics and relationships in the communication of Indigenous leaders such as Ada Gál Kala Tsiyugnsini and Inoli. Exploring the multimodal rhetorics, oral, written, material, visual, embodied, kinesthetic that create meaning in historical discourse, Wieser argues for the rediscovery and practice of traditional Native modes of communication, a modern day going back to the blanket or returning to Native practices. Her work shows how these Indigenous insights might be applied in models of education for Native American students in Native American communities more broadly and in transcultural communication, negotiation, debate and decision making.
