Unauthorized Love Jane Lilly López, 2021-11-23 A rich narrative exploration of the ways love defies survives thrives and dies as lovers contend with US immigration policy For mixed citizenship couples getting married is the easy part The US Supreme Court has confirmed the universal civil right to marry guaranteeing every couple s ability to wed But the Supreme Court has denied that this right to marriage includes married couples right to life liberty and the pursuit of happiness on US soil creating a challenge for mixed citizenship couples whose individual level rights do not translate to family level protections While US citizens can extend legal inclusion to their spouses through family reunification they must prove their worthiness and the worthiness of their love before their relationship will be officially recognized by the state In *Unauthorized Love* Jane L pez offers a comprehensive

critical look at US family reunification law and its consequences as experienced by 56 mixed citizenship American couples. These couples' stories of integration and alienation of opportunity and inequality of hope and despair make tangible the consequences of current US immigration laws that tend to favor Whiteness, wealth, and heteronormativity as well as the individual rather than the family unit in awarding membership and official belonging. In examining the experiences of couples struggling to negotiate intimacy under the constraints of immigration policy, Lopez argues for a rethinking of citizenship as a family affair.

Winning the War on Poverty Brian L. Fife, 2018-04-12 Applying lessons from history to the reality of poverty today in the United States, the most affluent country in the world, this book analyzes contributing factors to poverty and proposes steps to relieve people affected by it. American history is replete with efforts to alleviate poverty. While some efforts have resulted in at least partial success, others have not because poverty is a multifaceted, complicated phenomenon with no simple solution. *Winning the War on Poverty* studies the history of poverty relief efforts in the United States dating to the 19th century, debunking misperceptions about the poor and tackling the problem of the ever-widening gap between the rich and poor. It highlights the ideological differences between liberal and conservative beliefs and includes insights drawn from a well-rounded group of disciplines including political science, history, sociology, economics, and public health. Premised on the idea that only the lessons of history can help policymakers recognize that the United States has a persistent poverty problem that is much worse than it is in many other democracies, the book suggests an 18-point plan to substantively address this dilemma. Its vision for reform does not pander to any particular ideology or political party; rather, this book explains how the United States can win the war on poverty in the short term.

Civic Education in the Age of Mass Migration Angela M. Banks, 2021 This important book offers a more inclusive approach to preparing students to be responsible participants in a democratic society. Civic education generally operates through the lens of citizenship, where students learn what good citizenship is and what good citizens do. Yet the citizenship lens fails to identify the wide range of school children and their families who participate in economic, political, and social life. *Civic Education in the Age of Mass Migration* examines the exclusionary aspects of citizenship and offers democratic societies an alternative approach that includes all long-term residents regardless of citizenship and immigration status. Banks reimagines a civic education curriculum that gives students the knowledge and skills they will need to assist the United States in becoming a more perfect union. Book Features: A brief overview of the history of civic education and why citizenship status and immigration status should be explicitly addressed. An examination of the economic, political, and social forces shaping immigration law. A new way to conceptualize membership based on three principles: popular sovereignty, participation, and the *jus nexi* principle. Classroom activities and discussion questions to help civic educators incorporate the idea of citizenship boundaries into their curriculum.

Social Work Practice With Older Adults Jill M. Chonody, Barbra Teater, 2017-12 This book presents a contemporary framework based on the World Health Organization's active aging policy that allows students to focus on client strengths and resources when

working with the elderly Covering micro mezzo and macro practice domains the text examines all aspects of working with aging populations from assessment through termination *Mexican Migration to the United States* Harriet D.

Romo,2016-03-29 This anthology examining borderlands migration brings together the perspectives of Mexican and US scholars from a variety of fields Gathering a transnational group of prominent researchers including leading Mexican scholars whose work is not readily available in the United States this collection brings together an array of often overlooked viewpoints reflecting the interconnectedness of immigration policy These essays reveal significant aspects of labor markets family life and educational processes They capture the evolving legal frameworks and economic implications of Mexico US migrations at the national and municipal levels as well as the experiences of receiving communities in the United States The volume includes illuminating reports on populations ranging from undocumented young adults to elite Mexican women immigrants health care rights Mexico s incorporation of return migration the impact of Deferred Action for Childhood Arrivals on higher education and the experiences of young children returning to Mexican schools after living in the United States Reflecting a multidisciplinary approach the list of contributors includes anthropologists demographers economists educators policy analysts and sociologists Underscoring the fact that Mexican migration to the United States is unique and complex this timely work exemplifies the cross border collaboration crucial to the development of immigration policies that serve people in both countries **Immigrant America** Prof. Alejandro Portes, Prof. Rubén G. Rumbaut,2024-04-09 This revised and updated fifth edition of *Immigrant America: A Portrait* provides a comprehensive and current overview of immigration to the United States including its history the principal theories seeking to account for its diverse origins the main types of immigrants and the various forms of immigrants incorporation within American society With the latest available data *Immigrant America* further explores the economic political regional linguistic and religious aspects of immigration It offers detailed analyses of the adaptation process experienced by adult children of immigrants and adds an updated and expanded concluding chapter on changing immigration policy regimes both past and present Defying Standardization Christopher H. Tienken,2016-11-14 *Defying Standardization* pierces the veil of misinformation surrounding the push to standardize the curriculum expectations for 56 million public school children It provides a high energy passionate and well researched argument of what curriculum should and can be to facilitate the development of unstandardized skills and dispositions necessary for a globally connected society *Defying Standardization* dismantles the myths and lies surrounding international test rankings and demonstrates that there is no relationship to economic indicators or skills that drives the innovation economy The book provides practical examples for how educators students and parents can defy standardization with locally developed evidence informed and globally literate practices to facilitate the development of customized curricula This book is for those who yearn for a vibrant innovative and creative school system in which all students are provided opportunities to pursue their passions and interests in ways that will prepare them to be well rounded
