Slogan For Awesome Race 2015:

Remembering Women's Activism Sharon Crozier-De Rosa, Vera Mackie, 2018-09-25 *Remembering Women's Activism* examines the intersections between gender politics and acts of remembrance by tracing the cultural memories of women who are known for their actions. Memories are constantly being reinterpreted and are profoundly shaped by gender. This book explores the gendered dimensions of history and memory through nation based and transnational case studies from the Asia Pacific region and Anglophone world. Chapters consider how different forms of women's activism have been remembered: the efforts of suffragists in Britain, the USA and Australia to document their own histories and preserve their memory; Constance Markievicz and Qiu Jin, two early twentieth century political activists in Ireland and China respectively; the struggles of women workers and the movement for redress of those who have suffered militarized sexual abuse. The book concludes by reflecting on the mobilization of memories of activism in the present. Transnational in scope and with reference to both state centred and organic acts of remembering including memorial practices, physical sites of memory, popular culture and social media. *Remembering Women's Activism* is an ideal volume for all students of gender and history, the history of feminism and the relationship between memory and history.

Tropes of Intolerance Peter Rose, 2020-12-30 *Tropes of Intolerance* is a Baedeker of bigotry, a short course on xenophobic racism and populist nationalism, both enduring threats to the social fabric of democratic societies. Each chapter is a self contained commentary and a building block. In the first the author considers the concepts of pride and prejudice and discusses patterns of discrimination and strategies of resistance. This is followed by an illustrated consideration of the emblems of enmity: words, signs, symbols and other verbal and visual expressions of both chauvinism and intolerance. Linking the first two, the third chapter explores the nature of American Nativism and its contemporary expression. This is followed by an assessment of the exploitation of anxiety among particularly vulnerable sectors of society by skillful manipulative leaders and their agents and the exacerbation of social divisions by the use of stereotyping, stigmatizing and labeling. Chapter Five, *Trumped Up*, narrows the focus to the present day: the president himself and his exacerbation of polarizing particularism. A sixth chapter examines two of the most malignant ideologies: resurgent anti-Semitism and the rise of Islamophobia, bringing readers full circle. In addition to a brief Coda and a glossary of key terms related to the principal topic, there is a post-election Afterword written in late November 2020.

British Cultural Identities Mike Storry, Peter Childs, 2016-11-25 *British Cultural Identities* assesses the degree to which being British impinges on the identity of the many people who live in Britain, analysing contemporary British identity through the various and changing ways in which people who live in the UK position themselves and are positioned by their culture today. This new edition is updated to include discussion of key events and societal shifts such as the 2016 Brexit referendum, the 2015 British General Election, the growing emphasis on devolution, the 2012 Olympic Games, the new generation of royals, UKIP and the Euro crisis, the response to fundamentalism and the proliferation of social networking. Using examples from contemporary and popular

culture chapters cover a range of intersecting themes including place and environment education work and leisure gender sex and the family youth culture and style class and politics ethnicity and language religion heritage Accessible in style illustrated with photographs tables and timelines and containing discussion questions cultural examples and suggestions for further resources at the end of each chapter **British Cultural Identities** is the perfect introductory text for students of contemporary British society
