the Craft Beer Movement Wesley Shumar,Tyson Mitman,2023-03-31 Producing and Consuming the Craft Beer Movement is
 an ethnographic analysis of the craft beer movement and its rapid development as an industry that articulated a different set
 of values celebrating quality community and good taste This book will provide an excellent foundation for considering craft
 beer and an entrepreneurial practice that produces other forms of value beyond monetary value The craft beer movement
 has been an important movement for thinking about contemporary consumer culture and how that consumer culture might
 develop a very different set of values and priorities from those of the dominant consumer culture that is created by large
 scale industries focused on the instrumental values of profit and efficiency Located in one site the ethnography is situated
 within the larger context of the rise of digital media the evolution of cities and the latest stage of the capitalist marketplace
 The book is distinctive as it is ethnographic in its methodology It is focused on one locale the metropolitan area around
 Philadelphia Philadelphia along with Boston Denver San Diego and a few other cities was a central location for the early
 development of the craft beer industry With its interdisciplinary approach individuals with interests in digital and social
 media consumer culture political economy ethnography and contemporary cultural theory will find this an interesting case
 study of an important industry that developed from the homebrewing movement to become an important craft industry that is
 now a global phenomenon This book is directed to a broad range of readers interested in new media consumer culture craft
 and contemporary capitalist culture The book embeds the local in the larger historical and political economic context
 Readers would include faculty members in communication media studies cultural studies sociology and anthropology
