

Smaller Motorcycles For Women

Davide Perillo

Smaller Motorcycles For Women:

Hogs, Blogs, Leathers and Lattes William E. Thompson, 2012-09-18 This book combines more than 45 years of the author's riding experiences with data collected over five years of systematic observation and extensive ethnographic interviews with over 200 male and female riders. Much has been written about hardcore bikers but there has been little scholarly research on the much larger segment of the population more aptly called motorcycle enthusiasts. This book focuses on them: the hard working plumbers, truck drivers and other blue collar workers as well as the white collar executives, doctors and other professionals who are mostly married, have mortgages, pay their bills, obey the law and on weekends and holidays participate in a favorite pastime: riding motorcycles.

An Alternative History of Bicycles and Motorcycles Steven E. Alford, Suzanne Ferriss, 2016-04-06 An Alternative History of Bicycles and Motorcycles. Two wheeled transportation and material culture accounts for the nineteenth century creation and development of two wheeled vehicles both human powered and motorized. Specifically, the book focuses on the period from 1885 which saw the appearance simultaneously of the Safety bicycle and the Daimler, the first motorcycle, to 1920 while exploring implications for later bicycling and motorcycling. We argue that invention of these vehicles rather than the product of gifted individuals should be seen as the consequence of a number of historical, economic, cultural and political forces that intersect so unpredictably that the notion of a genius inventor is reductive. The common evolutionary model of development from the bicycle to the motorcycle oversimplifies both the technology and its origins. Stripping the vehicles of all their material and cultural associations such a model fails to advance our understanding of the devices, their creators and their riders. Taking a contemporary vehicle and tracing its lineage creates a false sense of evolutionary necessity in its creation and fails to account for the many possible developmental paths that were for whatever reason abandoned. By contrast, our book adopts a material culture approach, a form of inquiry that stresses the connections between artifacts and social relations. We consider not simply the bicycle and motorcycle as material objects but focus also on the complex socio-political and economic convergences that produced the materials that in turn themselves shaped the vehicles' appearance, function and adoption by riders.

The Women's Guide to Motorcycling Lynda Lahman, 2016-06-28 Recent statistics show that approximately 12 percent of motorcycle owners are women and that close to 25 percent of motorcycle riders are women. While it's still a male dominated field, the number of female bikers has increased by more than 25 percent in just five years, showing that women have a strong presence on two wheels. In *The Women's Guide to Motorcycling*, author Lynda Lahman, herself a motorcycle owner and rider, provides a comprehensive look at motorcycling techniques, street smarts and safety concerns while addressing female specific challenges as well as issues that all bikers face from a female point of view. *INSIDE The Women's Guide to Motorcycling* Anecdotes from female motorcycle enthusiasts, riders and owners including the author's own story. Women as a growing presence among riders including notable names of the past and present. Motorcycle skills from basic to advanced appropriate for bikers of all levels.

of experience and expertise The physical and mental aspects of riding Considerations for choosing a bike such as seat height and weight distribution and female appropriate gear A primer on proper maintenance and dealing with mechanical problems Different types of riding such as sport racing touring long distance and off road Getting more out of the sport through involvement in clubs forums charity events and mentoring new riders *Motorcycling For Dummies* Bill Kresnak,2011-04-20 A practical guide that gets you geared up with proper riding techniques safety gear indispensable items for long trips and handling characteristics of various motorcycle types Few activities offer more fun and excitement than motorcycling but to get the most out of it there s a lot you need to know and that s where this informative motorcycle guide written in plain English comes in From buying and maintaining a bike to riding safely to finding great places to ride *Motorcycling For Dummies* puts you on the road with savvy and style whether you re new to riding or an experienced motorcyclist You ll get plenty of help in selecting the right bike and step by step instructions on performing routine maintenance tasks You ll also find out how to develop safe riding habits and maybe most important of all you ll learn more about motorcycling organizations and how to fit in with the biker crowd Plus this hands on resource shows you advanced riding techniques offers travel tips for long distance rides and even helps you get your kids started in motorcycling Discover how to Buy a new or used bike Select safe tough riding gear from helmet and jacket to boots and pants Get proper training and learn essential riding skills Insure your bike Pass even the toughest licensing test Try your hand at cruising touring sports biking and more Get involved in motorcycle clubs and events Deal with dangers on the road Customize your bike to improve both style and performance This comprehensive guide concludes with a motorcycling glossary a guide to motorcycling laws by state and an appendix with plenty of online resources Complete with lists of can t miss biking events legendary motorcyclists and must see motorcycling movies *Motorcycling For Dummies* gives a whole new meaning to the term easy rider **Women, Work and Transport** Tessa Wright,Lucy Budd,Stephen Ison,2022-10-17 *Women Work and Transport* is an international collection that brings together researchers with global expertise in gender and transport work to provide original evidence of the experiences of women working in all transport modes across countries in the Global North and the Global South **Motorcycle** Steven E. The Automobile ,1904 *Automotive Industries* ,1905 **Big Lies in a Small Town** Diane

Chamberlain,2020-01-14 From New York Times bestselling author Diane Chamberlain comes a novel of chilling intrigue a decades old disappearance and one woman s quest to find the truth A novel about arts and secrets grippingly told pulls readers toward a shocking conclusion People magazine Best New Books North Carolina 2018 Morgan Christopher s life has been derailed Taking the fall for a crime she did not commit her dream of a career in art is put on hold until a mysterious visitor makes her an offer that will get her released from prison immediately Her assignment restore an old post office mural in a sleepy southern town Morgan knows nothing about art restoration but desperate to be free she accepts What she finds under the layers of grime is a painting that tells the story of madness violence and a conspiracy of small town secrets North Carolina 1940 Anna Dale an artist from New Jersey wins a national contest to paint a mural for the post office in Edenton North Carolina Alone in the world and in great need of work she accepts But what she doesn t expect is to find herself immersed in a town where prejudices run deep where people are hiding secrets behind closed doors and where the price of being different might just end in murder What happened to Anna Dale Are the clues hidden in the decrepit mural Can Morgan overcome her own demons to discover what exists beneath the layers of lies Chamberlain a master storyteller keeps readers hooked with a story line that leavens history and social commentary with romance and mystery Lexington Dispatch

Your Names Are Written in Heaven Davide Perillo,2025-02-18 In the 1990s a young Ugandan Catholic nurse named Rose Busingye began working in the slums of Kampala with the many women there suffering from HIV AIDS Many of them were refugees from civil war in the north having been raped beaten forced to kill in order not to be killed to steal children in the hope of one day returning to see their own children Even though Rose brought food and medicine to them she often discovered that the women had not taken their medications so sunk were they in despair and a lack of self worth She was on the verge of abandoning everything when she received an invitation to stay for some time in Italy It was from Fr Luigi Giussani the Italian priest who had founded Communion and Liberation the movement to which Rose also belongs After those months spent in Milan she returned to Uganda with a renewed desire to share with these women what she herself had experienced the infinite value of her life Of every life Soon things began to change Out of that change grew Meeting Point International an organization led by many of the same women Rose had ministered to In time new efforts arose including schools and orphanages projects that continue to embody Pope Francis s injunction to go to the margins In Your Names Are Written in Heaven veteran Italian journalist Davide Perillo tells the inspiring story of Rose Busingye and her women with clarity compassion and insight

Research Handbook of Women's Entrepreneurship and Value Creation Yousafzai, Shumaila, Henry, Colette, Boddington, Monique, Sheikh, Shandana, Fayolle, Alain,2022-02-04 This Research Handbook highlights the importance of women as agents of change acknowledging women entrepreneurs efforts and supporting their value creation activities With important implications for policymaking contributing authors direct attention to and provide evidence for the positive contribution of women entrepreneurs to the economy regardless of their businesses size and formal

status **Handbook on Transport in Asia** Sylvia Y. He, 2025-06-09 In this comprehensive Handbook Sylvia He brings together an array of leading experts to discuss key research areas and themes prevalent in the study of the transport sector in Asia including urbanisation mobility and accessibility land use planning low carbon technologies the application of big data and the challenges of creating sustainable and inclusive transport systems This title contains one or more Open Access chapters Anthropology in Public Health Robert A. Hahn, Kate W. Harris, 1999 Cultural and social boundaries often separate those who participate in public health activities and it is a major challenge to translate public health knowledge and technical capacity into public health action across these boundaries This book provides an overview of anthropology and illustrates in 15 case studies how anthropological concepts and methods can help us understand and resolve diverse public health problems around the world For example one chapter shows how differences in concepts and terminology among patients clinicians and epidemiologists in a southwestern U S county hinder the control of epidemics Another chapter examines reasons that Mexican farmers don't use protective equipment when spraying pesticides and suggests ways to increase use Another examines the culture of international health agencies demonstrates institutional values and practices that impede effective public health practice and suggests issues that must be addressed to enhance institutional organization and process Each chapter characterizes a public health problem describes methods used to analyse it reviews results and discusses implications several chapters also describe and evaluate programs designed to address the problem on the basis of anthropological knowledge The book provides practical models and indicates anthropological tools to translate public health knowledge and technical capacity into public health action
