Moore,2015-12-14 Perfect for any reader interested in fashion history or popular culture this text is an essential resource
that presents vital information and informed analysis of key fashion fads not found elsewhere Fashion Fads Through
American History Fitting Clothes into Context explores fashion fads from the 19th century to the current decade providing
the reader with specific insights into each era The text draws fascinating connections between what we see in fashion
phenomena including apparel accessories hair and makeup and events in popular culture in general and across history
Written by an art and design historian the book is ideal for a wide range of student research projects especially those in
American history social studies art and literature classes It covers topics overlooked by fashion history texts because of their
origination outside of the formal fashion system Each entry provides critical historical context to help readers understand
why the fad originated and why it resonated with consumers and presents vital information and analysis of key fashions that
were intimately related to currents in contemporary culture The text also considers the resurgence of some fashion fads in
the late 20th and early 21st centuries and provides context for their relevance **The Writer's Handbook** ,1994
