science fiction use the ideas and the vocabulary of all sciences to create valid narratives that explore the future effects of science on events and human beings Science Fact and Science Fiction examines in one volume how science has propelled science fiction and to a lesser extent how science fiction has influenced the sciences Although coverage will discuss the science behind the fiction from the Classical Age to the present focus is naturally on the 19th century to the present when the Industrial Revolution and spectacular progress in science and technology triggered an influx of science fiction works speculating on the future As scientific developments alter expectations for the future the literature absorbs uses and adapts such contextual visions The goal of the Encyclopedia is not to present a catalog of sciences and their application in literary fiction but rather to study the ongoing flow and counterflow of influences including how fictional representations of science affect how we view its practice and disciplines Although the main focus is on literature other forms of science fiction including film and video games are explored and because science is an international matter works from non English speaking countries are discussed as needed

Time Sealers Chick Lung, 2008-01-14 Peter never saw the small brilliant beam of light nor the tall white figure materialize from thin air twenty feet behind him as he slowed to walk the last few feet before leaving the park The figure paced exactly twenty feet behind as Peter made his way down the path toward his house As he opened the door Peter felt a tingling in him mind as if a thousand small electrical currents were turned on He took two more steps before falling half in and half out of his entranceway Peter struggled to grab a thought and hold it as jumbled images flashed from deep within his memory pouring forth like fireworks on the Fourth of July His eyes fought to open from the dark void he felt in his mind but could not His eyes only saw the back of each retina while a movie seemed to dance within the light It reminded Peter of time lapse pictures taken of freeways at night all you saw were long streaks of car lights speeding by From far away he heard the soothing voice repeat Relax Please do not try to resist the transfer Peter
