South Korean Migrants in China Xiao Ma,2025-10-01 This book is an ethnographic account of education and migration from the perspective of three groups of South Koreans in contemporary China migrant parents children students and educational agents The book reveals how these temporary migrants make choices plan their trajectories and engage with the authorities both in China and South Korea Migrant subjectivities among these groups are driven by and respond to the education migration regimes of both the sending and receiving countries As people in between they occupy flexible and multiple positionalities that are transnationally distributed However paradoxically they experience a juxtaposition of privilege integration and separation which is indicative of the Chinese style of internationalisation The book adds weight to the argument that China is a temporary destination for foreigners and not one for long term settlement

Meningiomas, Part

II Michael W. McDermott,2020-06-23 Meningiomas Volume 170 Part Two discusses tumors that arise from the coverings of the brain and spinal cord In this updated volume of the Handbook of Clinical Neurology experts in the field from basic scientists to skilled neurosurgeons provide up to date synopses of each topic as it relates directly to this class of tumor Surgical and radiation therapy which remain the mainstays of treatment are a major focus but coverage also includes potential molecular avenues for the development of effective medical treatments This book serves as a comprehensive review of the neurosurgical issues surrounding this extremely common brain tumor Few procedures in surgery are more immediately formidable than an attack upon a large tumor of this type hence the greatest challenge of treatment is the need

to complete tumor removal without creating new neurologic deficit Provides current reviews of neurosurgical issues such as endoscopic surgery molecular biology of meningiomas and the role of different radiation oncology treatment modalities and drug therapies Addresses multiple patient populations children elderly and those with multiple or radiation induced tumor Offers a strong focus on anatomy and surgical approaches Edited work featuring leaders in neurosurgery and neuro oncology around the globe the broadest most expert coverage available *Preparing for The Occupational Therapy Assistant National Board Exam: 45 Days and Counting* Rosanne DiZazzo-Miller,Fredrick D.
